

ONI Luxury Production Line Project Case

ONI Luxury Case Study

PROJECT OVERVIEW

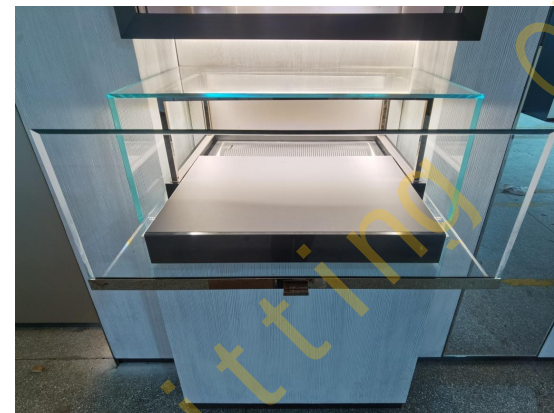

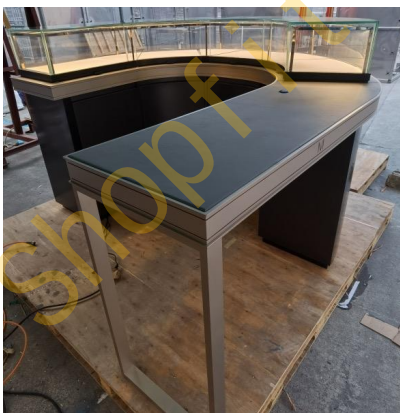

OBJECTIVES:

- Create an ultra-premium, modern luxury retail environment that echoes MESSIKA's Parisian heritage and contemporary diamond jewelry design.
- Deliver bespoke high-end shopfitting elements, including continuous curved glass showcases and seamlessly integrated wall display units.
- Ensure maximum product visibility, impeccable retail security, and premium lighting to accurately accentuate the unique brilliance of diamonds and fine jewelry.

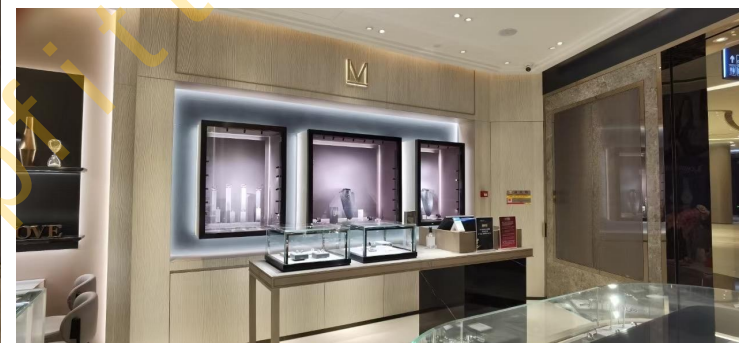

THE SOLUTION

- Curved Showcases: Engineered U-shaped island showcases using ultra-clear low-iron curved glass and seamless UV bonding for distortion-free product views.
- Premium Paneling: Applied custom light-grey wood veneers with a matte eco-coating to deliver an elegant, modern French luxury aesthetic.
- Aura Lighting: Integrated high-CRI LED backlight panels within wall niches, creating a soft, non-glare pink/lavender brand atmosphere.
- Metalwork & Assembly: Utilized champagne-gold stainless steel frames with 1:1 factory pre-assembly to guarantee millimeter-level precision.

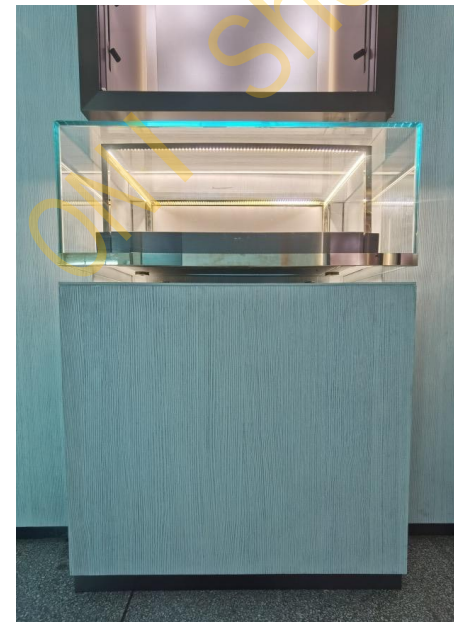

THE RESULT

- **Elite Brand Image:**A breathtaking retail environment that perfectly mirrors MESSIKA's luxury Parisian positioning and elite craftsmanship.
- **Premium Experience:**Balances open tactile jewelry exploration with private, intimate VIP consultation zones to elevate client engagement.
- **Commercial Success:**Optimized spatial flow and lighting hierarchy that effectively increase customer dwell time and retail conversion rates.
- **Flawless Delivery:**Flawless end-to-end realization from factory engineering to global delivery, solidifying ONI's expertise in luxury shopfitting.

PROJECT OVERVIEW

OBJECTIVES:

- Create an opulent, high-fashion retail environment that perfectly encapsulates DOLCE & GABBANA's luxurious Italian heritage and dramatic Baroque aesthetic.
- Deliver bespoke heavy-duty shopfitting elements, including continuous high-wall cladding, full-height golden metal structures, and premium gloss island showcases.
- Achieve absolute seamless engineering across contrasting high-end materials to ensure structural safety and an immersive boutique experience.

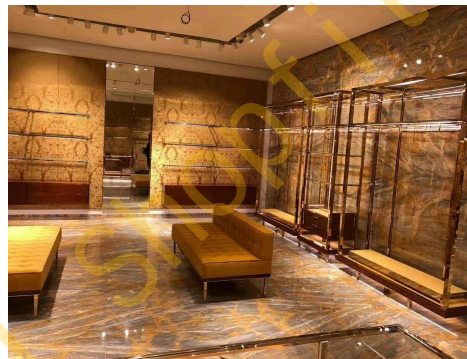

D&G

DOLCE & GABBANA

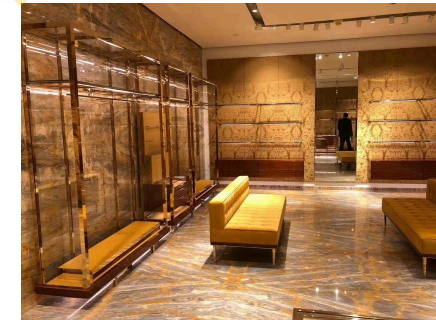

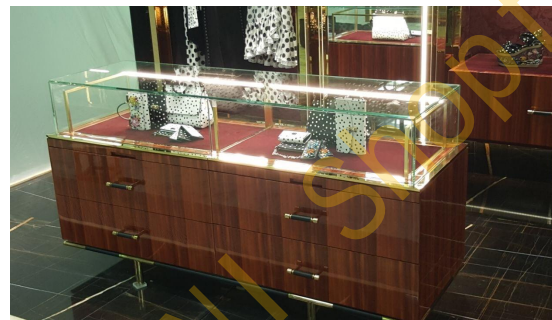

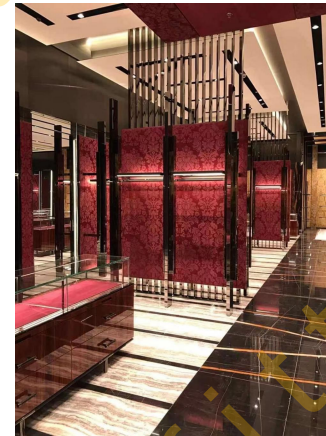

THE SOLUTION

- **Luxury Textures:**Integrated signature red and gold Baroque-patterned fabric paneling with premium high-gloss polished exotic wood veneers for a rich, multi-layered visual depth.
- **Golden Metalwork:**Engineered massive electroplated mirror-gold stainless steel frames and structural shelving with immaculate welded joints and high-weight capacity.
- **Precision Engineering:**Mastered complex material transitions among marble, metal, and high-gloss paneling, featuring integrated premium LED lighting for an elite spatial aura.
- **Factory Pre-Assembly:**Executed 1:1 full-scale factory pre-assembly for heavy wall claddings and metal structures to ensure flawless alignment before secure export shipping.

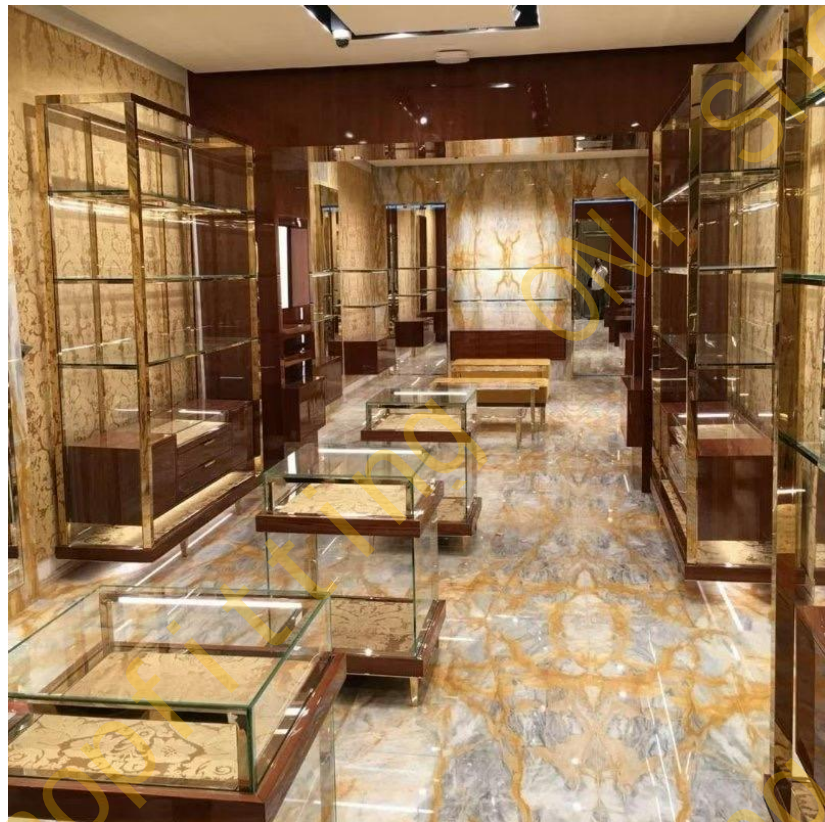

THE RESULT

- **Dramatic Brand Statement:** A spectacular, theatrical retail space that perfectly honors DOLCE & GABBANA's premium global positioning and artistic luxury identity.
- **Immersive Majesty:** Envelopes VIP clients in an exclusive, multi-sensory Italian court-like environment, significantly elevating the luxury shopping emotional connection.
- **Commercial Performance:** The grand visual hierarchy and commanding light environment maximize product premium presence, boosting customer dwell time and order values.
- **Master-Level Delivery:** Showcases ONI's supreme capability in executing top-tier luxury shopfitting projects involving heavy, high-complexity global engineering.

MORE PICTURES

PROJECT OVERVIEW

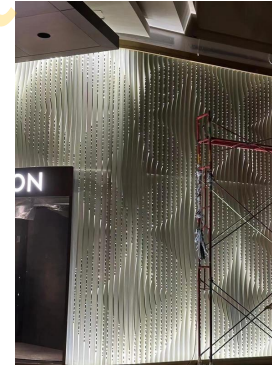

OBJECTIVES:

- Create an iconic, visually stunning luxury flagship presence that seamlessly blends Louis Vuitton's classic monogram heritage with avant-garde architectural shopfitting.
- Execute massive, highly complex custom retail exterior facades alongside flawless interior leather-and-wood modular shop fixtures.
- Ensure precision safety engineering for heavy, high-wall architectural structures while maintaining an uncompromised premium brand aesthetic.

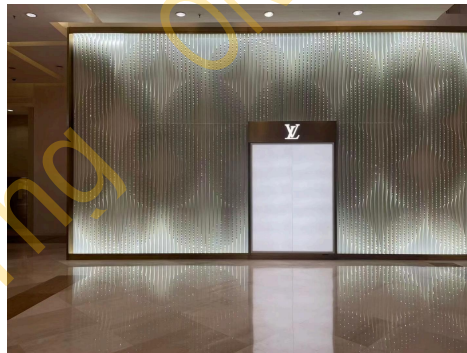

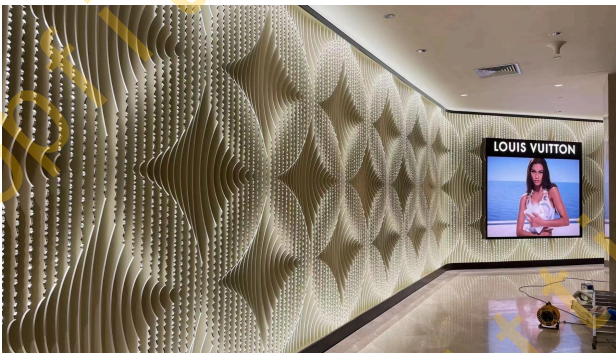

THE SOLUTION

- Monumental Exterior Engineering: Engineered grand 3D wave-patterned luminous walls and geometric interlocking metal screens for a dramatic, breathing light effect.
- Elite Material Integration: Combined pattern-matched wood veneers, custom metal trimmings, and stitched leather on counters for a tactile, museum-grade finish.
- Industrial Pre-Assembly Mockups: Executed full-scale 1:1 factory pre-assembly layouts of massive exterior paneling on the ground to ensure millimeter-level alignment.
- Intelligent Light Synchronization: Integrated high-CRI seamless linear LED systems to achieve absolutely uniform light diffusion across complex, deep architectural curves.

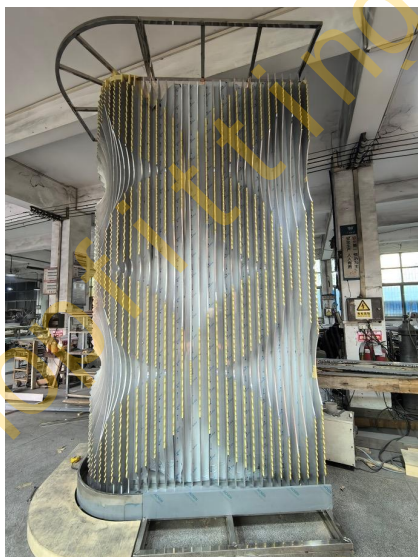

THE RESULT

- **Landmark Brand Authority:**A commanding, masterpiece storefront and retail environment that perfectly reinforces Louis Vuitton's global leadership in luxury fashion.
- **Prestigious Immersive Attraction:**The breathtaking 3D facade creates an unforgettable street/mall presence that captivates luxury consumers and elevates elite foot traffic.
- **Absolute Commercial Premium:**Premium multi-material interior fixtures create a museum-like presentation for high-end ready-to-wear and leather goods, maximizing client conversion.
- **World-Class Shopfitting Reputation:**Proves ONI's supreme capacity to deliver highly complex, heavy-duty architectural facades and luxury fixtures from factory directly to global retail sites.

MORE PICTURES

PROJECT OVERVIEW

OBJECTIVES:

- Create a luxurious, standalone island boutique tailored for the Middle Eastern premium market, blending opulent aesthetics with modern digital technology.
- Deliver a fully enclosed, heavy-duty kiosk structure featuring intricate metal facades and continuous curved glass counters.
- Guarantee flawless international delivery through comprehensive factory-level structural testing and pre-assembly.

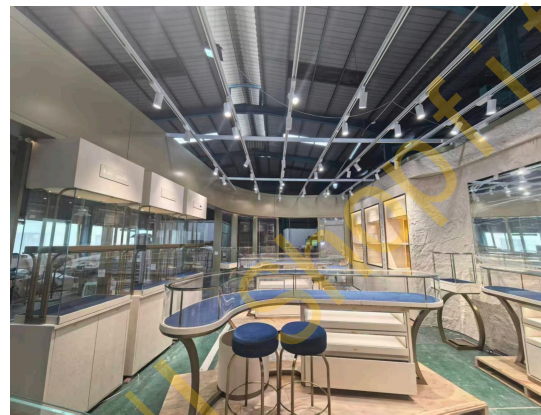

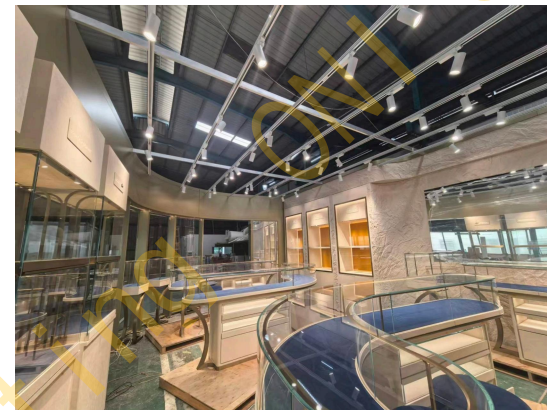

THE SOLUTION

- Opulent Facades: Engineered intricate laser-cut golden metal screens to create a culturally resonant, high-end visual barrier and structural perimeter.
- Curved Showcases: Crafted continuous S-curved display counters combining ultra-clear glass with bespoke premium blue leather accents and precision gold trims.
- Digital Integration: Seamlessly integrated large-scale LED digital screens directly into the exterior facade to drive dynamic, high-impact brand storytelling.

THE RESULT

- **Dominant Presence:** A striking retail presence that instantly commands attention and foot traffic in high-end premium mall environments.
- **Exclusive Experience:** Perfectly balances an open, inviting entrance flow with an exclusive, VIP-level consultation experience inside the perimeter.
- **Market Expansion:** Successfully aligns the brand with top-tier luxury standards, powerfully accelerating its retail market penetration in the Middle East.
- **Turnkey Pre-Assembly:** Executed a massive 1:1 full-scale pre-assembly and wiring test in the factory, guaranteeing a rapid "plug-and-play" installation at the global destination.
