

COMMERCIAL SPACE DESIGN SERVICES

PRICING GUIDE · USD

From concept and spatial planning to production-ready drawings, our design services help global retail and commercial brands turn ideas into buildable, brand-led environments.

SINCE

2000

IN-HOUSE FACILITY

30,000 m²

DELIVERY

WORLDWIDE

BUILT FOR COMPLETE COMMERCIAL SPACES

Retail stores · Boutiques · Showrooms · Cafés · Restaurants · Offices · Multi-zone brand environments

Each engagement is scoped around area, complexity, deliverables and implementation requirements.

THREE LEVELS. ONE BUILDABLE STANDARD.

Fees are calculated by design area, subject to the minimum project fee for the selected service level.

FOUNDATION

US\$30 / m²

Minimum US\$1,000

For compact, complete commercial spaces requiring a clear, practical design direction.

- 1 design direction
- 2 key interior views
- Basic floor layout and circulation
- Key plans, elevations and dimensions
- Basic materials and lighting direction
- 2 rounds of minor revisions

RECOMMENDED

PROFESSIONAL

US\$100 / m²

Minimum US\$2,000

Recommended for brand-led retail, F&B, office and multi-function commercial spaces.

- 1 complete design direction
- Key functional-zone views + overall spatial visualization
- Layout and customer-flow optimization
- Plans, elevations and detailed key dimensions
- Material, finish and cost-balance recommendations
- 3 rounds of revisions
- Drawing Q&A and pre-construction review

BRAND SIGNATURE

US\$300 / m²

Minimum US\$5,000

For flagship, chain and complex multi-zone spaces with elevated brand and conversion goals.

- 1-2 concept directions
- Full key-zone visuals + brand scenes + day/night effects
- Customer sightline, circulation and dwell-point strategy
- Full plans, elevations, sections and key details
- Brand story, VI integration and visual-merchandising guidance
- Mall/property adaptation and implementation support
- Ongoing optimization within the approved scope

A CLEAR FORMULA. NO LOW-FEE SURPRISES.

The project fee is based on the selected service level and the total design area.

CORE CALCULATION

$$\text{BASE DESIGN FEE} = \text{MAX} (\text{AREA} \times \text{RATE}, \text{MINIMUM FEE})$$

Example: a 20 m² Foundation project is calculated at US\$600 by area, therefore the US\$1,000 minimum project fee applies.

OPTIONAL SERVICES

Urgent delivery +30% of base design fee

Additional rendering US\$300 / image

Additional 360° space Quoted by scope

On-site / travel support Quoted separately

WHAT AFFECTS THE FINAL QUOTATION

- Total area and number of functional zones
- Brand complexity and level of customization
- Number of views and technical drawings
- Mall, landlord or local compliance requirements
- Timeline, coordination and implementation support

A written project quotation will confirm the final scope, timeline, revision allowance and payment milestones before work begins.

DESIGNED TO MOVE FROM IDEA TO REALITY.

ONI combines commercial design judgment with in-house manufacturing knowledge, helping reduce avoidable redesign and implementation risk.

01 DISCOVERY

Share the floor plan, site photos, brand guidelines, references, product category and target opening date.

02 SCOPE & QUOTATION

We review the space, clarify deliverables and issue a written proposal for approval.

03 CONCEPT & LAYOUT

We develop the design direction, spatial planning, circulation and key customer touchpoints.

04 VISUALIZATION & REFINEMENT

3D views communicate atmosphere, materiality and brand presentation before implementation.

05 DRAWINGS & HANDOVER

Approved designs progress to the agreed drawings, specifications and implementation support.

INTEGRATED ADVANTAGE

When ONI is appointed for fixture production or shopfitting, part of the design fee may be credited against production, subject to the written project quotation.

SIMPLE TERMS. A STRONGER START.

Every project is unique. These standards provide a clear starting point; the final proposal is tailored to the confirmed scope.

SCOPE	Fees cover only the deliverables stated in the approved quotation. Structural, MEP, authority submissions, local architect services and site works are excluded unless specifically listed.
REVISIONS	Included revisions refine the approved direction. A new concept, major layout change or expanded scope is quoted separately.
CLIENT INPUTS	Accurate dimensions, floor plans, site photos, brand files and decision-maker feedback are required to maintain the agreed timeline.
THIRD-PARTY APPROVALS	Mall, landlord, fire, accessibility and local building requirements remain subject to review by the relevant local professionals and authorities.
CURRENCY	All prices in this guide are in US dollars and exclude taxes, banking charges, travel and third-party fees unless noted otherwise.

START YOUR PROJECT

SEND US YOUR SPACE. WE'LL MAP THE NEXT STEP.

For an accurate quotation, please share your floor plan, total design area, site photos, preferred style, brand files and target opening date.
