INNOVATION
PRAGMATISM

COLLABORATION
WIN-WIN

After years of dedicated R&D and production, the company has assembled a team of specialized technical personnel and product development experts.

Leveraging a dynamic team across R&D, manufacturing, marketing, and after-sales service, we employ internationally advanced production processes and technologies. Mastering multiple rigorous inspection techniques to ensure product precision and quality, we have progressively evolved into a renowned modern integrated manufacturer of display cabinets, display racks, and related products in China.

DEVELOPMENT HISTORY

Foundation: Factory Established

In 2008, we established our first production facility, covering 5,000 square meters and staffed with 25 skilled workers.

2008

Creative Drive: Design Department Founded

It was a key milestone in our transformation from a traditional manufacturer to a design-driven enterprise.

2010

Capacity Expansion: Factory Growth

The factory was expanded to 15,000 square meters and our workforce grew to 150 employees.

2013

Brand Elevation: ONI Headquarters Established

ONI Shopfitting headquarter founded in Guangzhou, China.

2016

Major Leap: Fully Upgraded Factory

Fully equipped factory moved again to a more than 35000 sqm with 250 employees.

2018

Steady Growth: Serving Global Clients

We keep production and exporting to all our clients overseas.

2020-2023

Strategic Expansion: ONI MENA Team Formed

ONI MENA Team formed to expand business in GCC area.

2025

PREMIUM MATERIALS

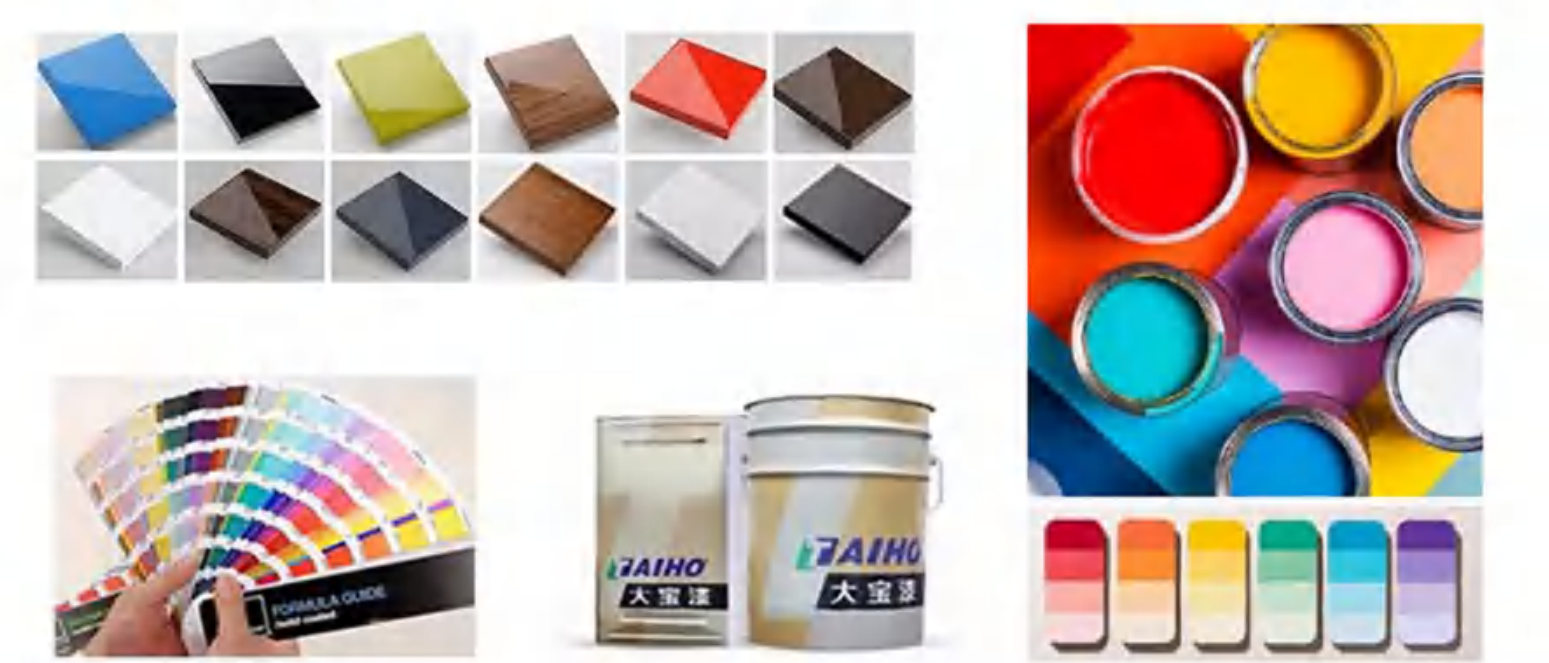

TEMPERED GLASS

Crafted from premium high-transmittance ultra-clear tempered glass, it offers exceptional clarity and aesthetic appeal with high light transmission and no color distortion. Featuring full-panel product display, it combines high compressive strength with enhanced safety.

PAINT

Eco-Friendly Formaldehyde-Free Paint , An environmentally conscious paint meeting international high standards, featuring an even and smooth finish with a delicate texture and brilliant luster.

HARDWARE ACCESSORIES

Select premium hardware components to elevate the overall quality of the product, ensuring display cabinets combine aesthetic appeal with durability.

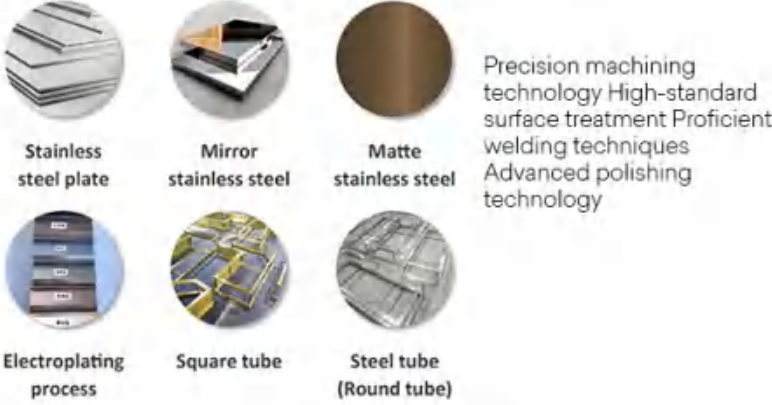

PANEL

Panel materials are carefully selected from premium global sources. We utilize eco-friendly MOF, HOF, recycled wood panels, and PIAOT panels, with formaldehyde content significantly below national standards.

STAINLESS STEEL

Premium stainless steel material,Stainless steel sheets offer high strength to withstand significant pressure; feature an aesthetically pleasing appearance with multiple surface finish options; are easy to process for shaping into various forms; promote hygiene and environmental sustainability by resisting bacterial growth; exhibit corrosion resistance for extended service life, reducing replacement costs; and are widely utilized across diverse industries.

Safety & Health

E0-grade eco-friendly, zero formaldehyde
Paint-free finish, eco-friendly and odorless

SAFETY

Security first, adopting advanced lock systems and encrypted protection, providing reliable protection for your precious product. The cabinet structure is sturdy and can effectively resist external impacts, allowing your product to be stored with peace of mind.

EXCELLENT QUALITY

Stable architecture and strong load-bearing capacity. Select high-quality materials and exquisite craftsmanship to ensure that the display cabinet can withstand a large number of products without deformation

Marble craft

High abrasion resistance, high stain resistance, easy to clean

MANUFACTURING PROCESS

Healthy & Eco-Friendly

ACEART's 125°C Instant Formaldehyde-Free Technology breaks down harmful substances within wood, letting you breathe in the natural scent of raw timber.

Eco-Craftsman

Formaldehyde-Free Core

Premium Manufacturing

Aesthetic Enthusiast

SPACE UTILIZATION

Intelligently planned compartments maximize every inch of space, allowing your store to showcase more product styles. Adjustable shelves and display units accommodate items of varying sizes.

Eco-Friendly Design

Committed to green manufacturing principles, we use environmentally friendly materials. Non-toxic and odorless, our products pose no harm to people or the environment.

Easy Cleaning

Smooth, flat surfaces allow effortless removal of dust and stains with simple wiping. Routine maintenance is straightforward, saving time and effort.

Refined Appearance

Meticulously crafted interior and exterior designs blend contemporary and classic elements. Whether complementing minimalist modern or opulent classical aesthetics, these displays enhance any store's unique charm.

SERVICE EXCELLENCE

RETAIL STORE FIXTURES DESIGN AND MANUFACTURING

of Jewelry Store

JEWELRY DISPLAY CABINET

CASE SHOW

successful cases
of Jewelry Store

The store exudes an elegant and sophisticated ambiance, where jewelry display cases and wall cabinets are artfully arranged to complement each other, creating diverse exhibition spaces for the jewelry. Each piece finds its perfect stage here, showcasing its unique style while offering inspiration for store owners seeking creative display ideas. Every viewing becomes a visual delight, and each piece—gracefully displayed in high-end jewelry cases—sparks customers' desire to purchase.

LIQUOR SHOWCASE

CASE SHOW

successful cases

These stores are filled with a fashionable and vibrant atmosphere. The display shelves, which combine metal texture and glass material, have an exquisite and stable structure, and the layered design is scientific and reasonable, and can be flexibly combined to create rich and diverse display scenarios for different categories of goods such as alcoholic beverages, snacks, and cooked foods.

Every product can find an ideal display "position" here, not only showing its unique characteristics and charm, but also providing store operators with highly creative display ideas. Every time you stop to browse, seeing the goods neatly displayed on the display shelves with transparent glass and exquisite metal structures is like a visual enjoyment, and every item carefully displayed in such exquisite display facilities can greatly arouse customers' desire to buy.

GEARNOTION 4X4

CASE SHOW

successful cases of
Auto Parts Store

The store has an overall professional and stylish atmosphere, with various auto parts display racks and display facilities cleverly arranged. Whether it's hanging tools, placed equipment, or specially shaped display cabinets, they all create a clear and attractive display space for auto parts products, making it convenient for customers to browse, and also helping the store present a professional image and stimulate customers' attention and purchase desire for auto parts products.

COLTON'S COUTURE

CASE SHOW

successful cases of
Clothing Store

The store exudes a high-end and fashionable atmosphere, with clothing display racks and display facilities carefully arranged. Various clothes are displayed in an orderly manner in exclusive display areas, and with the comfortable rest area, each piece of clothing can fully show its own style, and it also creates a pleasant shopping environment for customers, stimulating their desire to try on and buy.

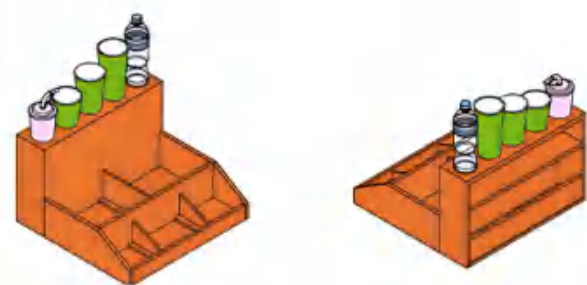

MINI MARU

CASE SHOW

successful cases
of Department Store

The store is full of a warm and life - filled atmosphere, with various display racks and facilities distributed reasonably. A wide range of general merchandise is neatly arranged in different areas, from tableware to daily necessities and everything in between. It not only allows each type of product to showcase its own characteristics well, but also creates a convenient and comfortable shopping scene for customers, stimulating their purchasing interest.

BOOST JUICE CASE SHOW

successful cases
of Juice Shop

This Boost Juice store is full of vitality. The bright - colored display facilities are integrated with brand elements. Each area is reasonably laid out, presenting a rich range of products clearly, conveying the brand concept, creating an attractive consumption scene and stimulating customers' desire to buy fresh - squeezed juices.

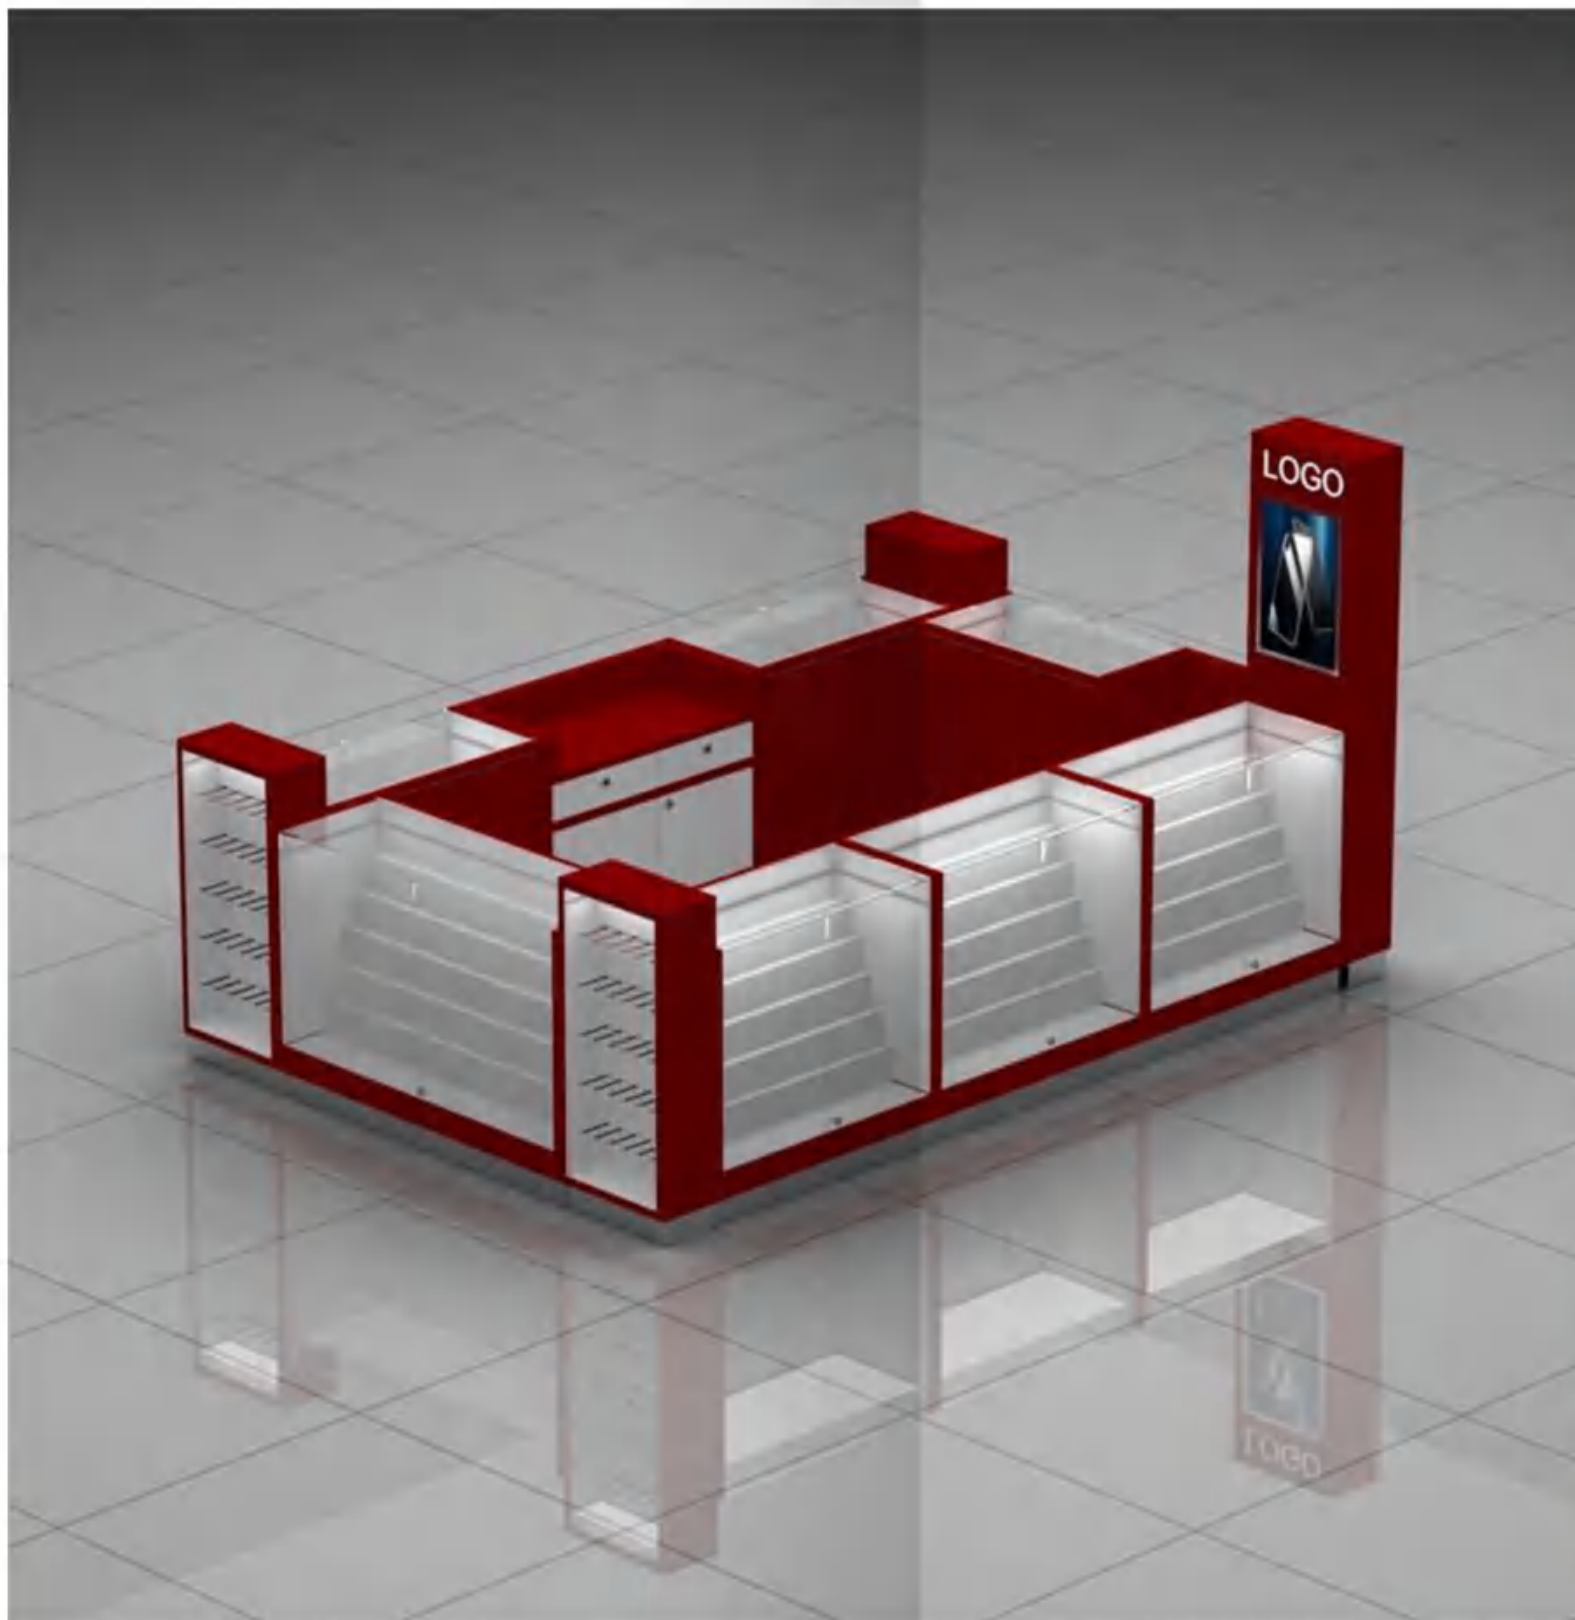

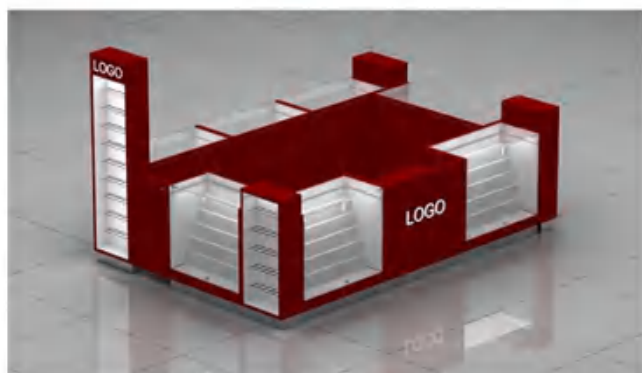

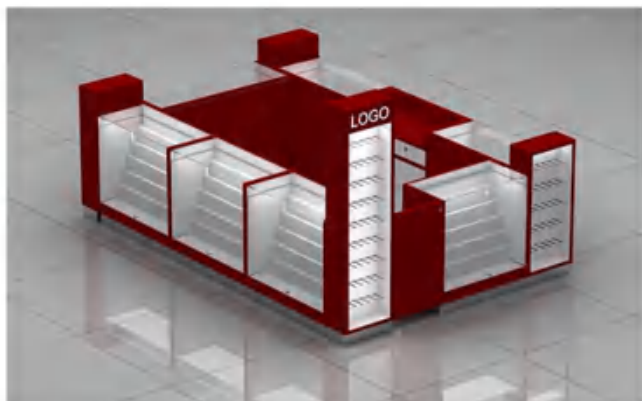

MOBILE PLANET

CASE SHOW

successful cases
of Mobile Phone Kiosk

This mobile phone kiosk exudes a professional and tidy atmosphere, and the display facilities combining wood and glass materials are arranged in an orderly manner. From the repair desk to the display cabinets, various facilities not only clearly present mobile phone - related products and services, but also convey a sense of professionalism and reliability, creating a convenient and trustworthy consumption scene for customers and stimulating people's attention and demand for mobile phone products and repair services.

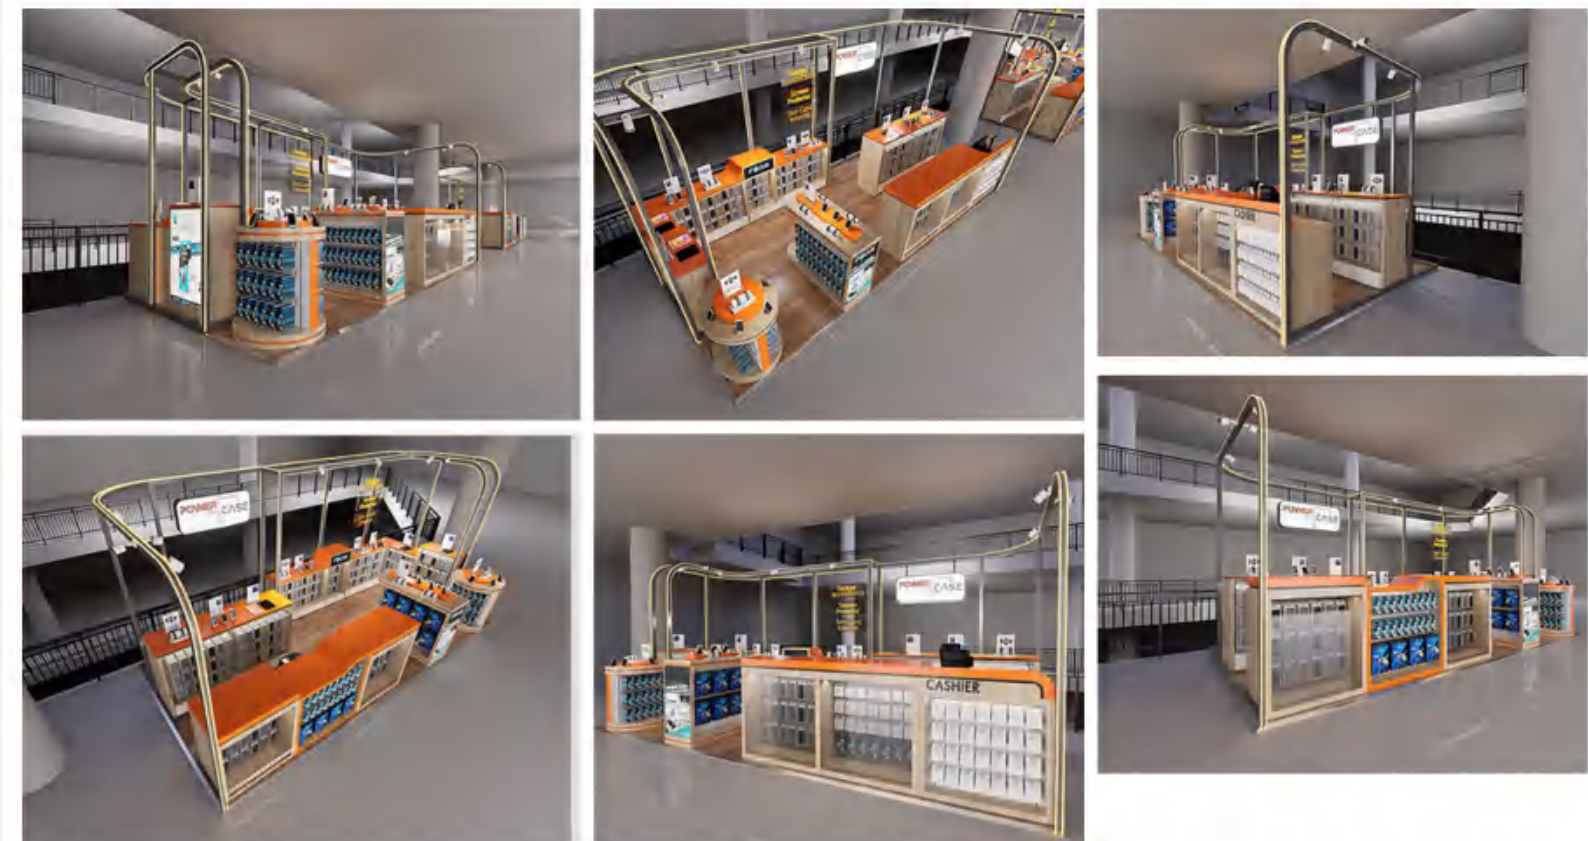

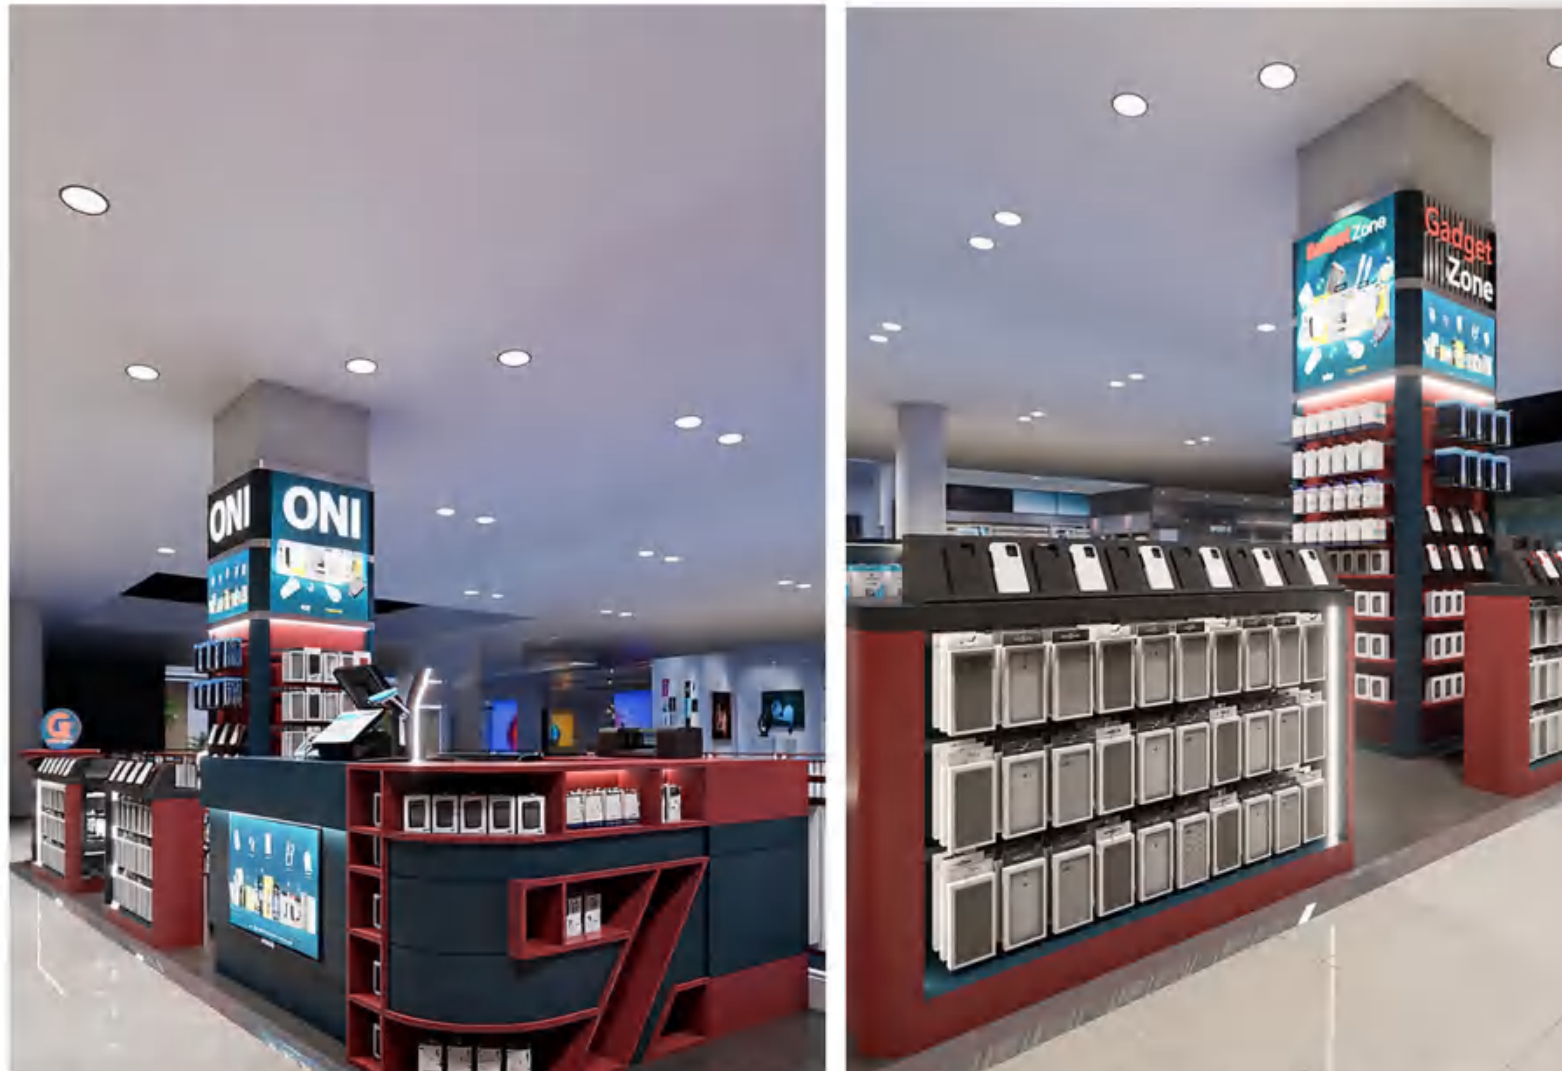

PHONE KIOSK CASE SHOW

PHARMACY SHOP DISPLAY

PHARMACY SHELVES

Wall-mounted pharmacy shelving, designed specifically to meet commercial space requirements, elegantly adapts to any point of sale. Create a distinctive space that showcases your brand identity while precisely fulfilling your layout and storage needs.

PHARMACY SHELVES

Double-sided shelving plays a vital role in the customer shopping journey, maximizing shelf space utilization to enhance product visibility and elevate the overall shopping experience.

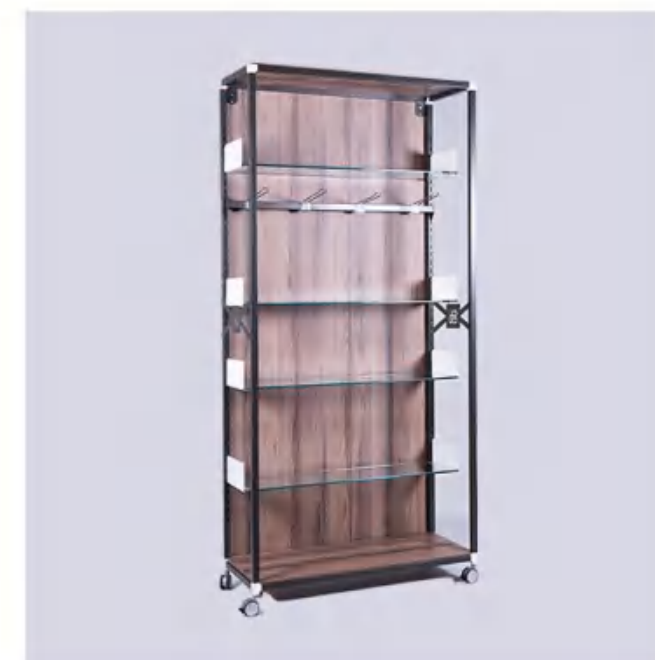

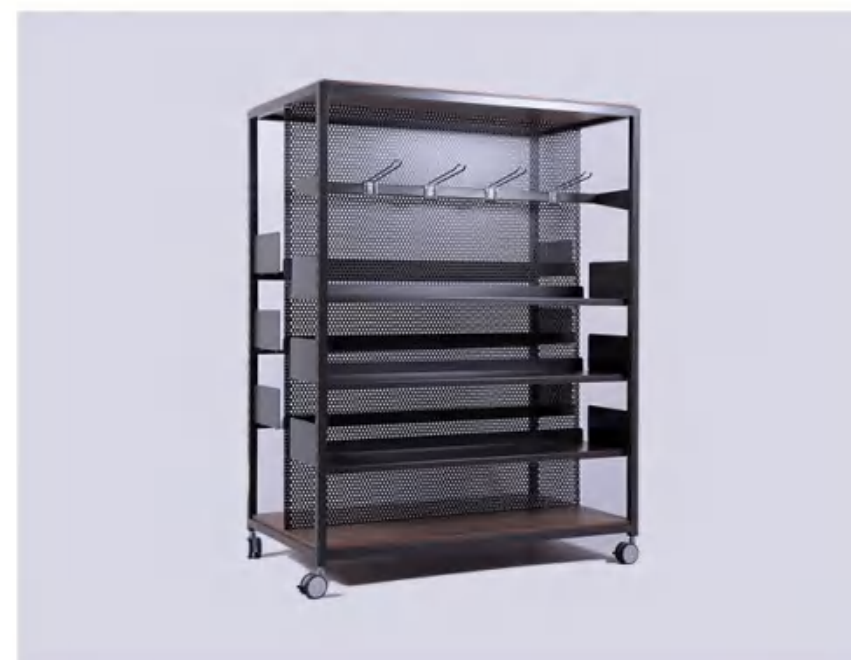

Il nostro tempo per prenderci cura di voi.

PHARMACY SHELVES

Pharmacy mobile shelving units feature adjustable positioning with metal frames and wooden shelves, complete with category labels, presenting a minimalist and unified aesthetic.

PHARMACY SHELVES

This multi-tiered shelving employs a “high-low, dense-sparse” display technique: top shelves feature prominently promoted new products, while lower shelves hold stock items. Smaller bottles are positioned at the front to create an “easy-to-reach” feel, with larger bottles placed at the back as backups.

SHELF END CAP

Shelf end caps play a vital role in directing customer attention to featured merchandise. By allowing for seasonal and promotional updates, they inject vitality into sales areas, serving as a key element in retail displays.

PHARMACY COUNTER

Counter partition design with multiple service stations simultaneously accommodates cashiery, prescription verification, and health consultation needs. Spacious countertops securely hold cash registers, prescription forms, and customer items. This setup enhances pharmacist efficiency while improving customer shopping experience through optimized product display.

Cosmetics Display Cabinet

COSMETICS DISPLAY CABINET

This display cabinet features a cream-white modular design comprising three units with curved tops. The center unit incorporates a double-door storage cabinet beneath, flanked by open shelving units on either side.

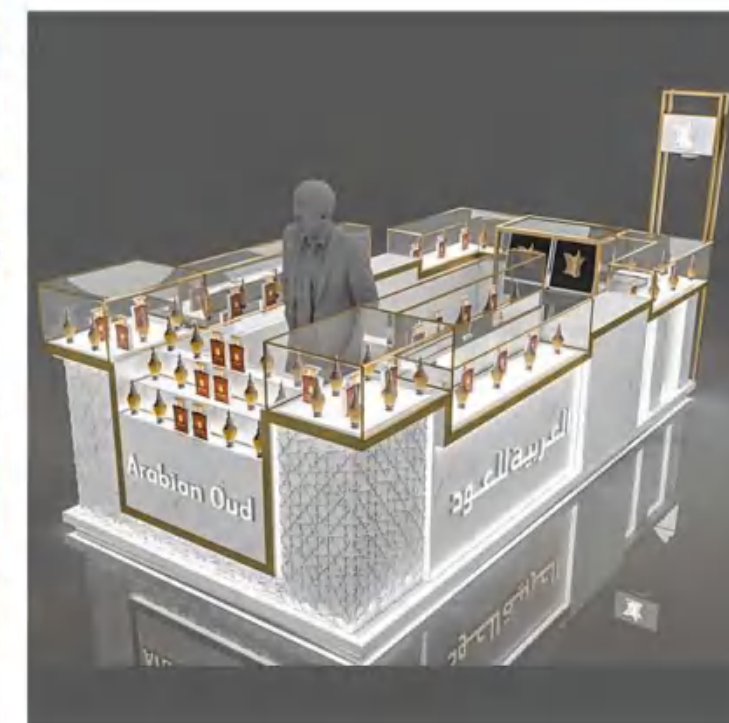

COSMETICS DISPLAY CABINET

This display rack features a modular design with rounded rectangular modules encased in gold metallic vertical bars. Multiple open modules —combining varying sizes of “metal frames with white shelves”—are artfully arranged alongside “matte gold closed cabinet doors.” Ideal for showcasing premium products like cosmetics and fragrances, it seamlessly integrates open display with discreet storage solutions.

COSMETICS KIOSK

COSMETICS KIOSK

The cosmetics counter features a pure white palette accented with dark brown wood grain, creating a minimalist and modern aesthetic. It displays a variety of beauty products, with brown-and-white stools placed nearby. The central area combines open display shelves with white low cabinets bearing brand logos, serving both product presentation and storage functions. To the right stands a tall cabinet with a large screen displaying product promotions, featuring a multi-drawer storage section below.

CLOTHING SHOP DISPLAY

CLOTHING DISPLAY RACK

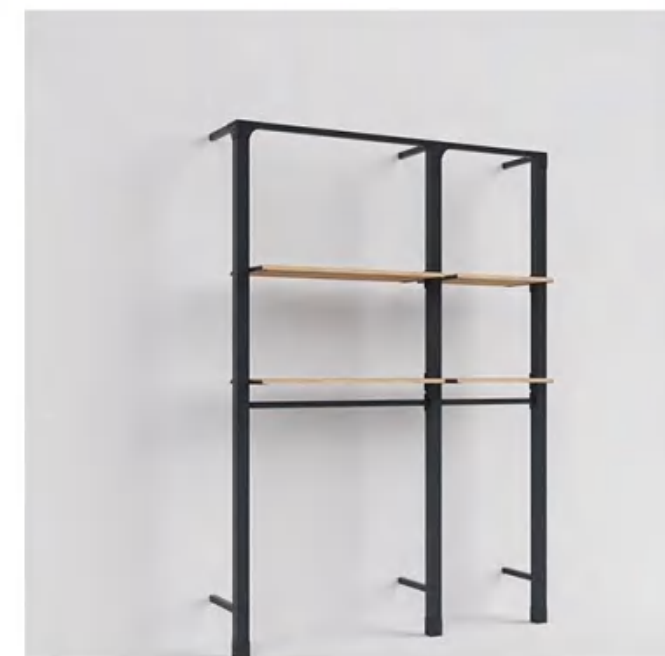

This clothing display stand features a minimalist design with a sleek black U-shaped metal frame paired with a black square base, creating a clean and fluid structure. Ideal for high-end apparel displays, it cultivates a sophisticated and serene visual ambiance.

CLOTHING DISPLAY RACK

This display stand features a combination of a black metal frame and light wood-toned shelves, presenting an open double-tiered shelving structure. The metal frame boasts clean lines and a minimalist design, while the light wood shelves add a natural, soft texture to the overall piece. Against a pure white backdrop, it is ideal for showcasing apparel and home decor items.

CLOTHING DISPLAY RACK

This display rack features an all-black metal frame with a modular design: the upper section includes open shelves for accessories and packaged goods; the middle section has hanging rods for clothing; and the bottom section comprises a long storage platform for shoes or folded garments.

CLOTHING STORE CUBE TABLE

This display table features a deep gray matte cube as its centerpiece, with three staggered geometric structures showcasing apparel. Designed for placement in store center islands, it creates a striking focal point that draws customers to linger.

DISPLAY CABINET WOODEN SHELVES

This clothing store display cabinet features black metal frames paired with light brown wooden shelves, creating an open three-tier structure. It can be used to showcase apparel accessories, stack garments, or display individual items like shoes and bags. It lends clothing stores a rustic yet refined display ambiance, adding depth and sophistication to merchandise presentation.

CLOTHING DISPLAY RACK

The entire display of this clothing store features gold metal hangers accented with muted tones, creating a soft, luxurious visual ambiance:
Display Area: Gold hangers, a central light blue cylindrical display stand, orange acrylic stools, and a gold-framed terrazzo display stand.

CLOTHING DISPLAY RACK

The black-framed golden hanging rod display racks and white marble display stands display products, and the black-framed golden hanging rod display racks maintain a unified style, integrating minimalism and natural aesthetics to create a high-end and tranquil display atmosphere for women's clothing.

COFFEE SHOP DISPLAY

COFFEE COUNTER

This coffee space centers on a “minimalist luxury in black and white + natural wood” aesthetic, creating a refined modern experience: At its heart lies a predominantly white bar counter, where coffee machines, utensils, and jars are neatly arranged atop a black mirrored surface, crafting a chic yet cozy luxury coffee experience zone.

COFFEE COUNTER

The bar counter features a wooden frame paired with a white cabinet body, displaying a coffee machine, glass jars filled with snacks, and tableware on its surface.

COFFEE COUNTER

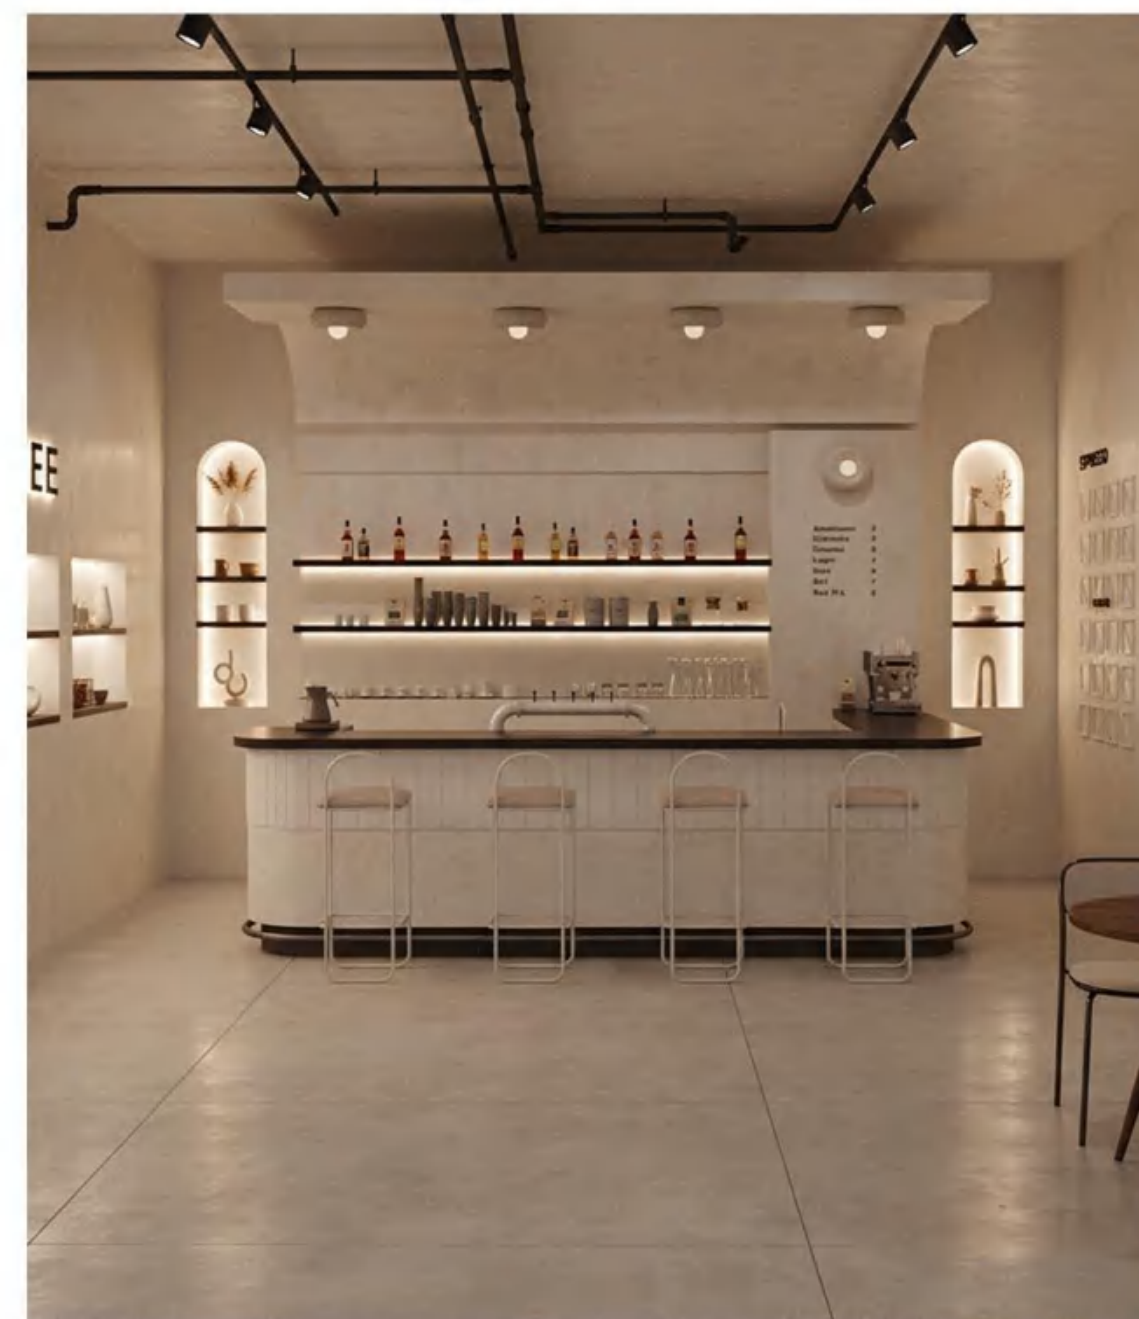

The bar counter features a core design of “soft pink and blue-green Morandi contrasting colors + curved softening elements.” The backdrop wall uses a light pink base with curved patterns of blue-green herringbone tiles embedded within.

COFFEE COUNTER

The bar features a black countertop paired with a white vertical tile façade, complemented by four white metal-framed bar stools. This modern, minimalist bar seamlessly integrates coffee and beverage service, making it ideal for industrial or minimalist dining spaces.

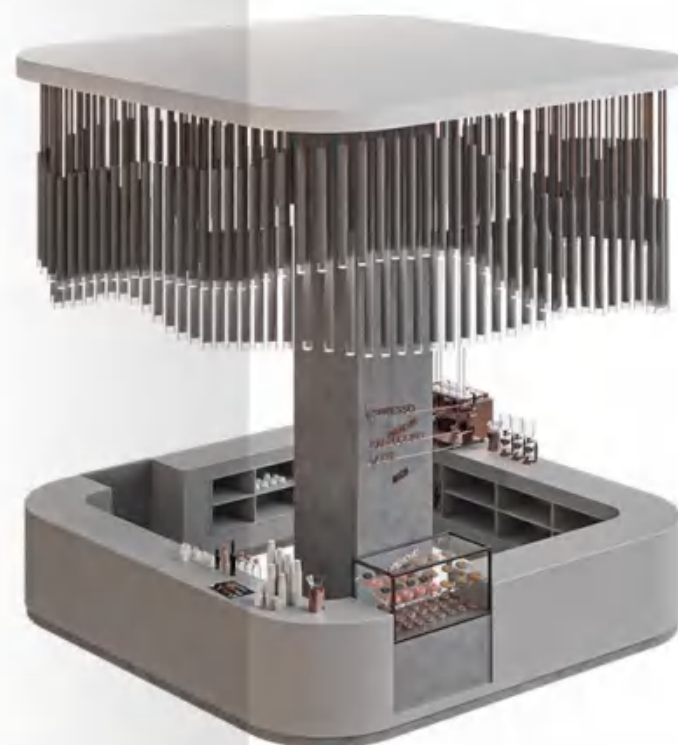

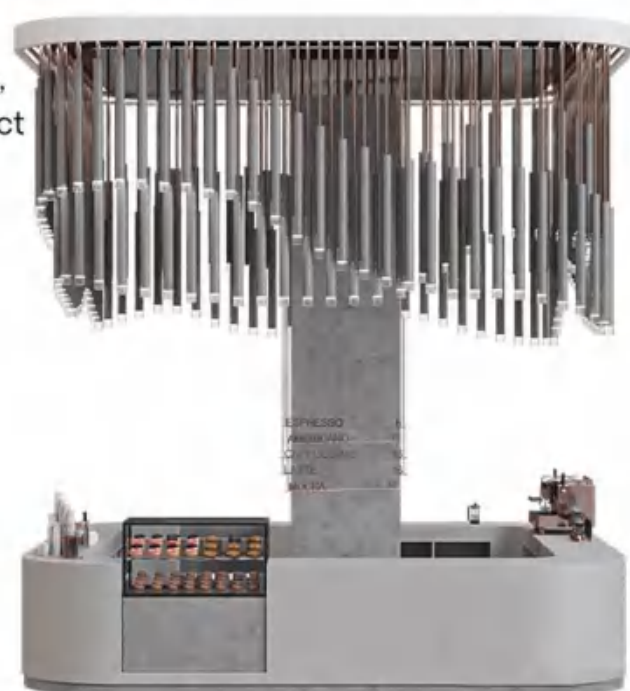

COFFEE COUNTER

The bar counter features a black stone countertop with curved vertical panels, incorporating green glass bricks at its center. The coffee machine and cup storage are seamlessly integrated into the counter, complemented by ambient lighting. This design creates a focal point ideal for upscale coffee shops or creative dining bars.

COFFEE KIOSK

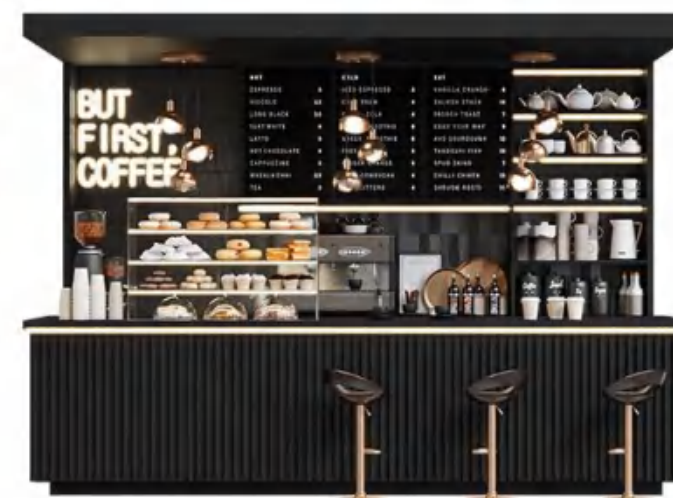

The bar counter features a curved matte gray surface, seamlessly integrating coffee equipment and a pastry display case. The substantial presence of marble, the refined elegance of metal tubing, and the softness of matte gray harmonize beautifully. Light emanates from within the tubing, creating an artistic coffee island perfect for high-end commercial spaces.

COFFEE KIOSK

Within the glass display cabinet, pour-over kettles, glassware, and coffee bean containers are arranged in tiers. A black coffee machine is embedded on the right, while pour-over kettles and canned coffee beans are displayed on the left. Below, three light wood-toned bar stools complement the coffee bar area, ideal for specialty coffee shops or upscale commercial spaces.

COFFEE KIOSK

The counter features a black pleated metal facade paired with three bar stools. A central glass display case showcases pastries on tiered shelves, with a black coffee machine integrated below. Gold pendant lights and shelving units (displaying teapots and cups) complete the ensemble.

WINE SHOP DISPLAY

WINE CABINET

Crafted from natural solid wood, black metal and glass, this piece serves as an ideal sideboard for bars, restaurants or living rooms, combining display and storage functionality.

WINE CABINET

The solid wood features distinct grain patterns and a deep, sophisticated hue, combining robust storage capacity for spirits with decorative appeal as a statement piece. It lends a vintage, refined ambience to bars, dining rooms or living areas.

BAR COUNTER

This bar counter centres on an industrial-retro aesthetic: its main structure comprises a deep black solid wood cabinet, creating a space that harmoniously blends rugged industrial character with cosy vintage charm. Perfect for savouring drinks, it also serves as a striking focal point within the room.

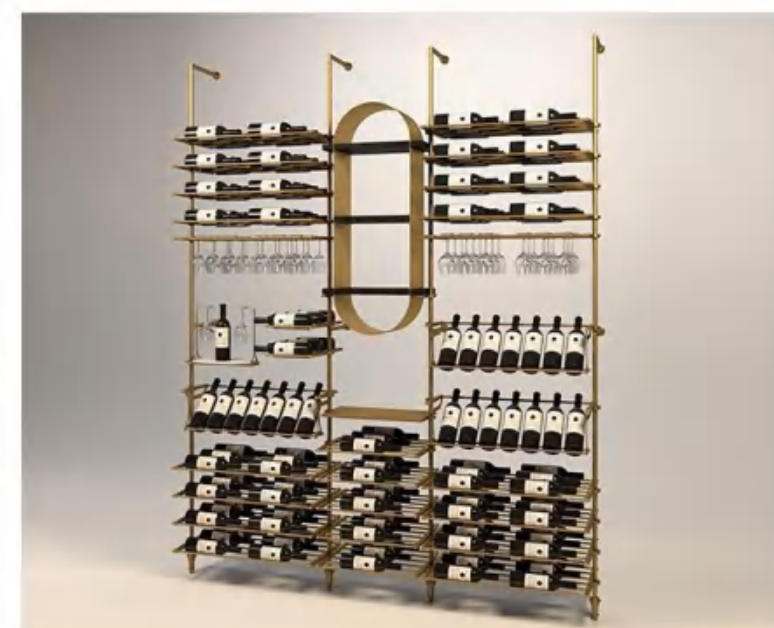

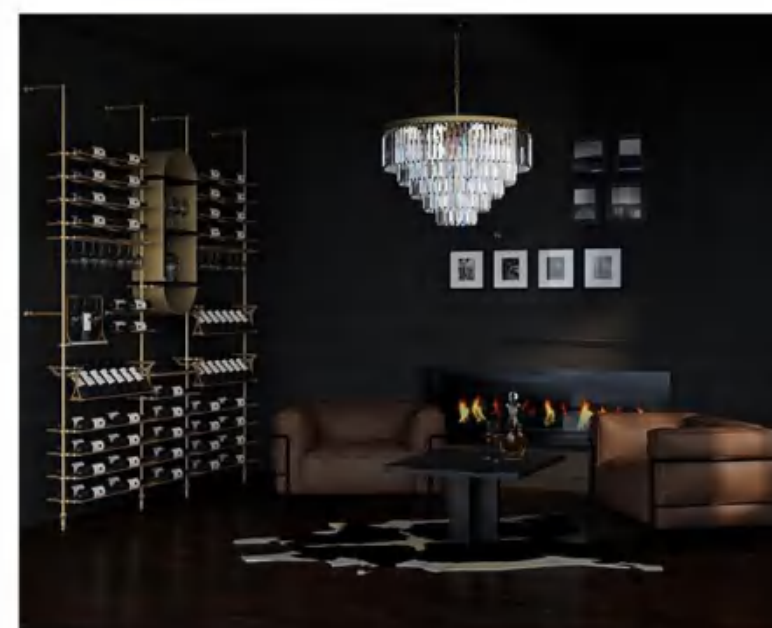

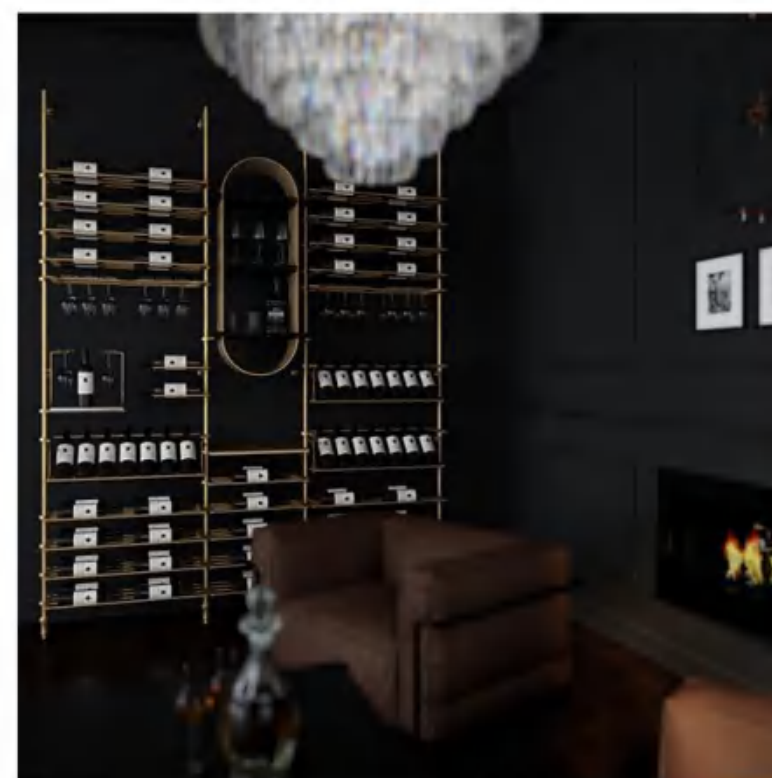

BAR COUNTER

This warm brown solid wood L - shaped retro bar counter has a wine rack, drawers and open storage, decorated with carvings, suitable for both storage and decoration.

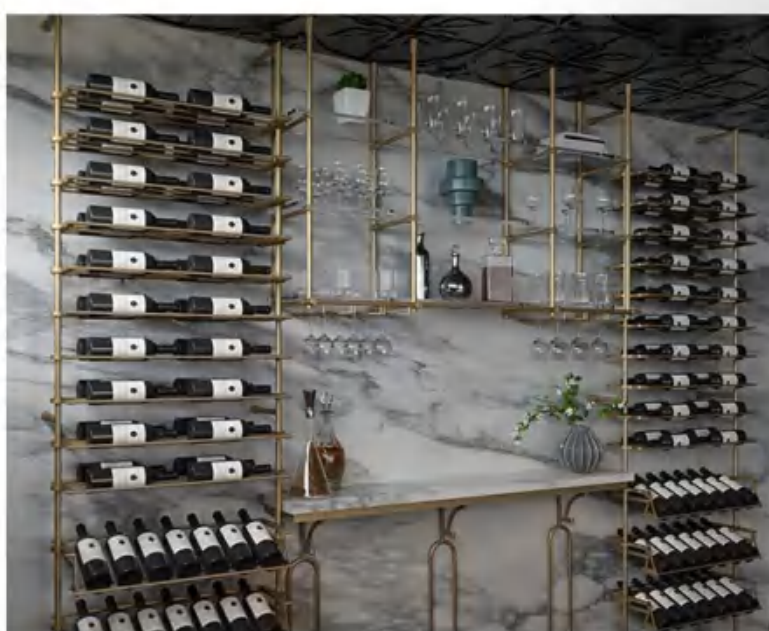

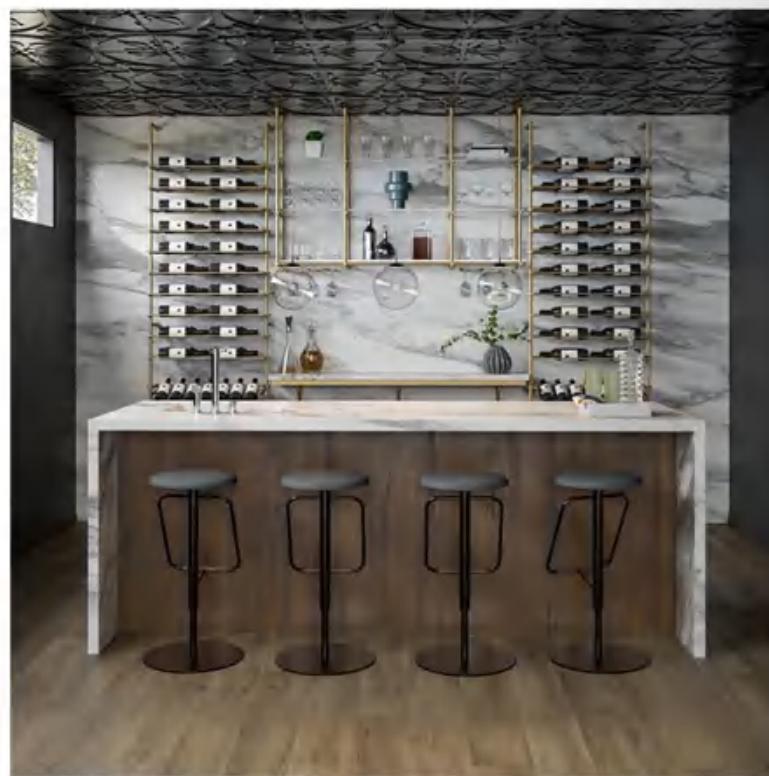

WINE RACK

This gold - metal wine wall rack has a symmetrical design with an oval decoration. It stores wine bottles and hangs wine glasses in layers, being luxurious and practical.

WINE RACK

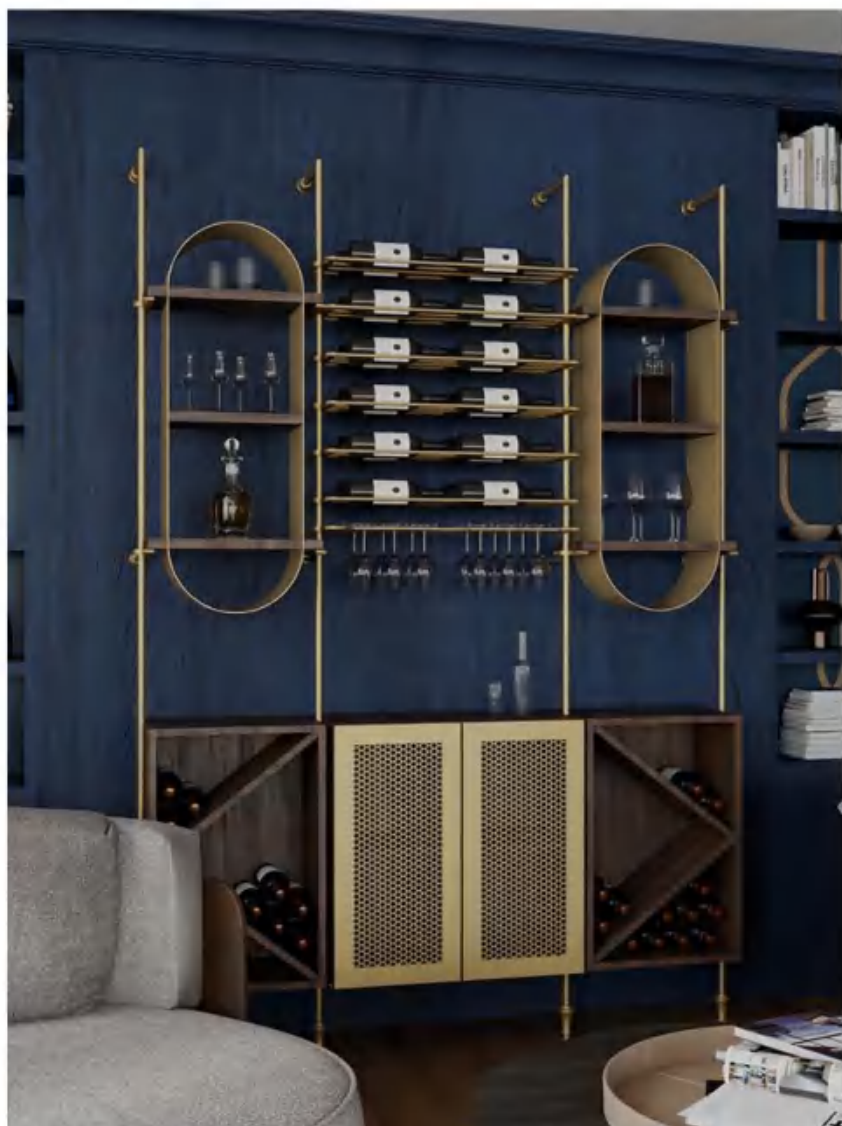

Gilded symmetrical wine rack, accommodating bottles and hanging glasses, offering both understated luxury and practicality.

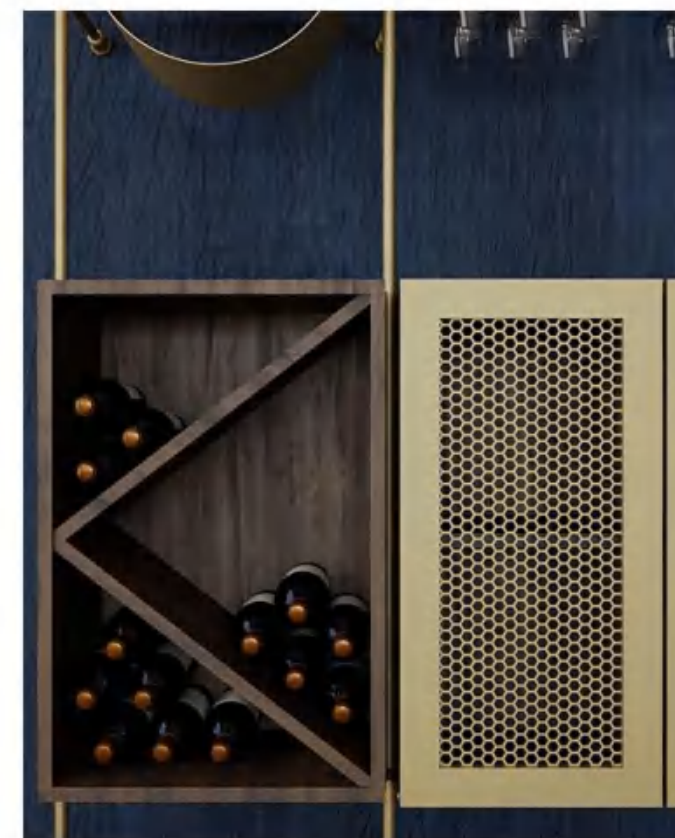

WINE RACK

This wine rack embodies a core ethos of understated luxury and artistic flair, where gilded metal frames meet a matte black cabinet body to create a sophisticated visual tension.

The lower black cabinet integrates open mesh shelves with enclosed storage compartments for flexible organisation of additional bottles and accessories.

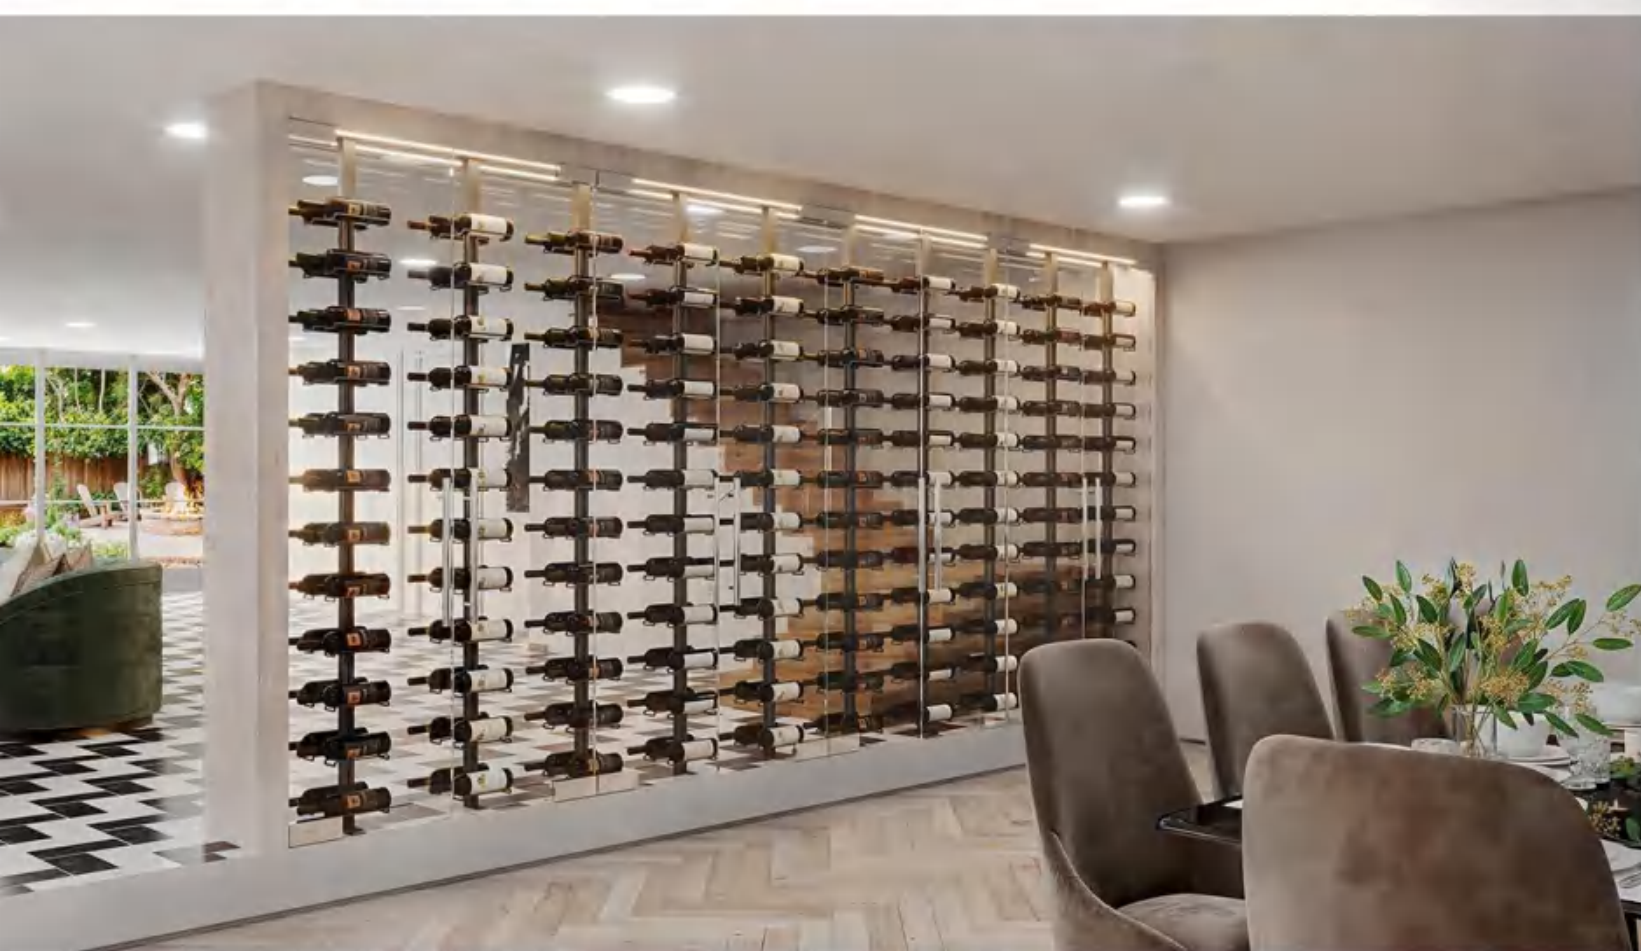

WINE RACK

All - black metal wine wall rack with multi - layer shelves and inclined racks, minimalist industrial style, for wine storage and decoration.

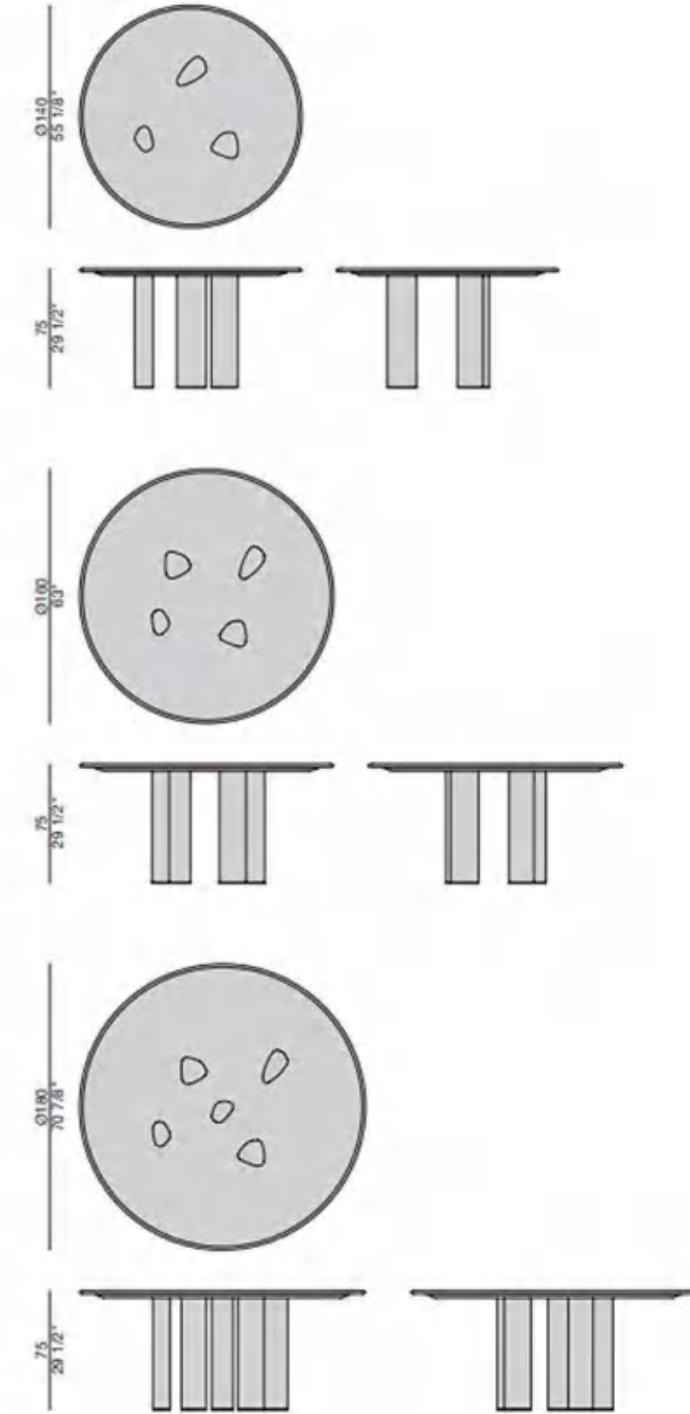

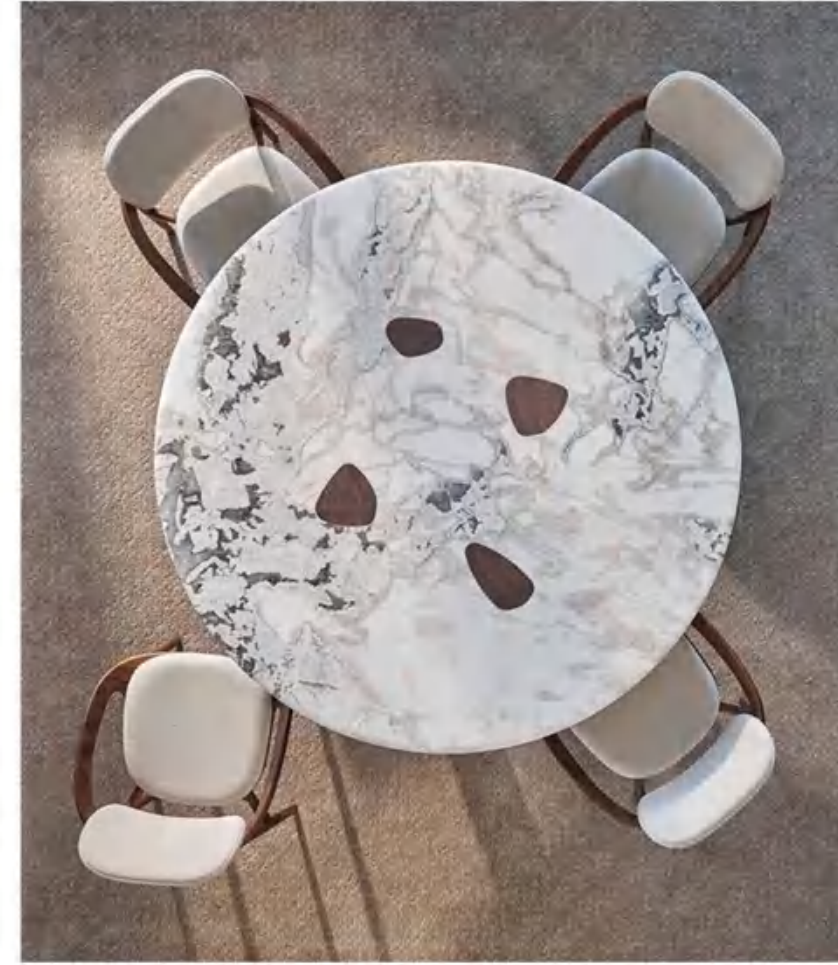

WINE RACK

Black metal multi-tier wine rack, minimalist industrial style, large-capacity wine storage, designed for modern spaces.

KITCHEN CABINETS

KITCHEN CABINETS

The kitchen features a central island and wall-mounted columns, designed to create a home architecture style that balances substantial presence with an airy feel.

KITCHEN CABINETS

Carved marble countertops and veneered surfaces. Satin-finished steel profiles and servo-assisted opening mechanisms enhance functionality and precision while ensuring practicality.

The kitchen features a central island and wall-mounted columns, designed to create a home architecture style that balances solidity with openness.

KITCHEN CABINETS

This cabinet set embraces a modern minimalist aesthetic, featuring matte black and white panels as its core elements. Paired with natural wood furniture and metal shelving, it creates a dual-purpose space combining a functional cooking area with an aesthetic display zone.

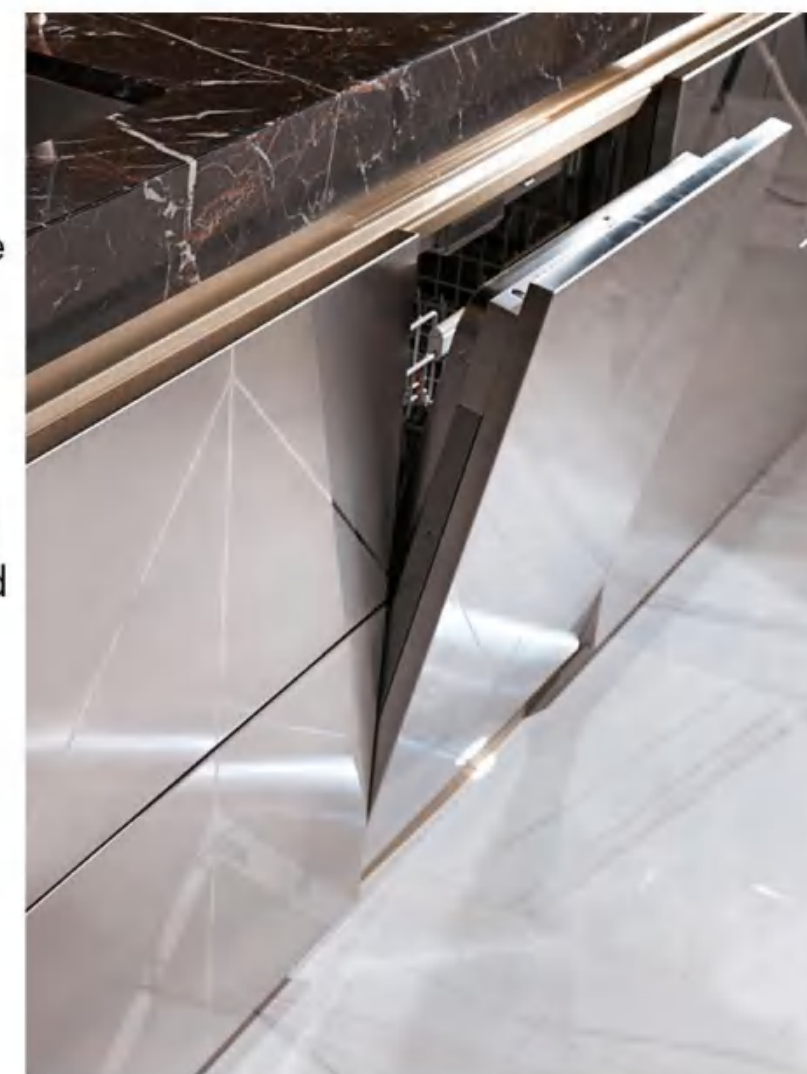

KITCHEN CABINETS

This cabinetry set represents a high-end custom design in the luxury stone art style, featuring black marble countertops (such as Laurent Black Gold) paired with white high-gloss cabinet doors. The doors are adorned with metallic geometric lines and gold trim, exuding exquisite texture and artistic flair.

KITCHEN CABINETS

Crafted from luxurious stone with distinctive textures, the island and countertops feature metal edging for enhanced sophistication. The glass-door wine cabinet on the left integrates storage and display functions, while artistic pendant lights and greenery accents cultivate an “artistic kitchen space” ambiance.
