

# RETAIL STARTER GUIDE

## - BY ONI SHOPFITTING 2026

Your project information helps us create a customized display solution that fits your space, products, and implementation needs.

# WHAT WE NEED FROM YOU FIRST

You do not need to prepare everything perfectly.  
Please send us whatever you currently have:

---

- 01 Basic Store Information
- 02 Existing Site Information
- 03 Brand Information
- 04 Products Categories & Display Requirements
- 05 Design Inspiration & Preference
- 06 Opening Time and Budget Level
- 07 Market Positioning

# Part.1

## Basic Store Information

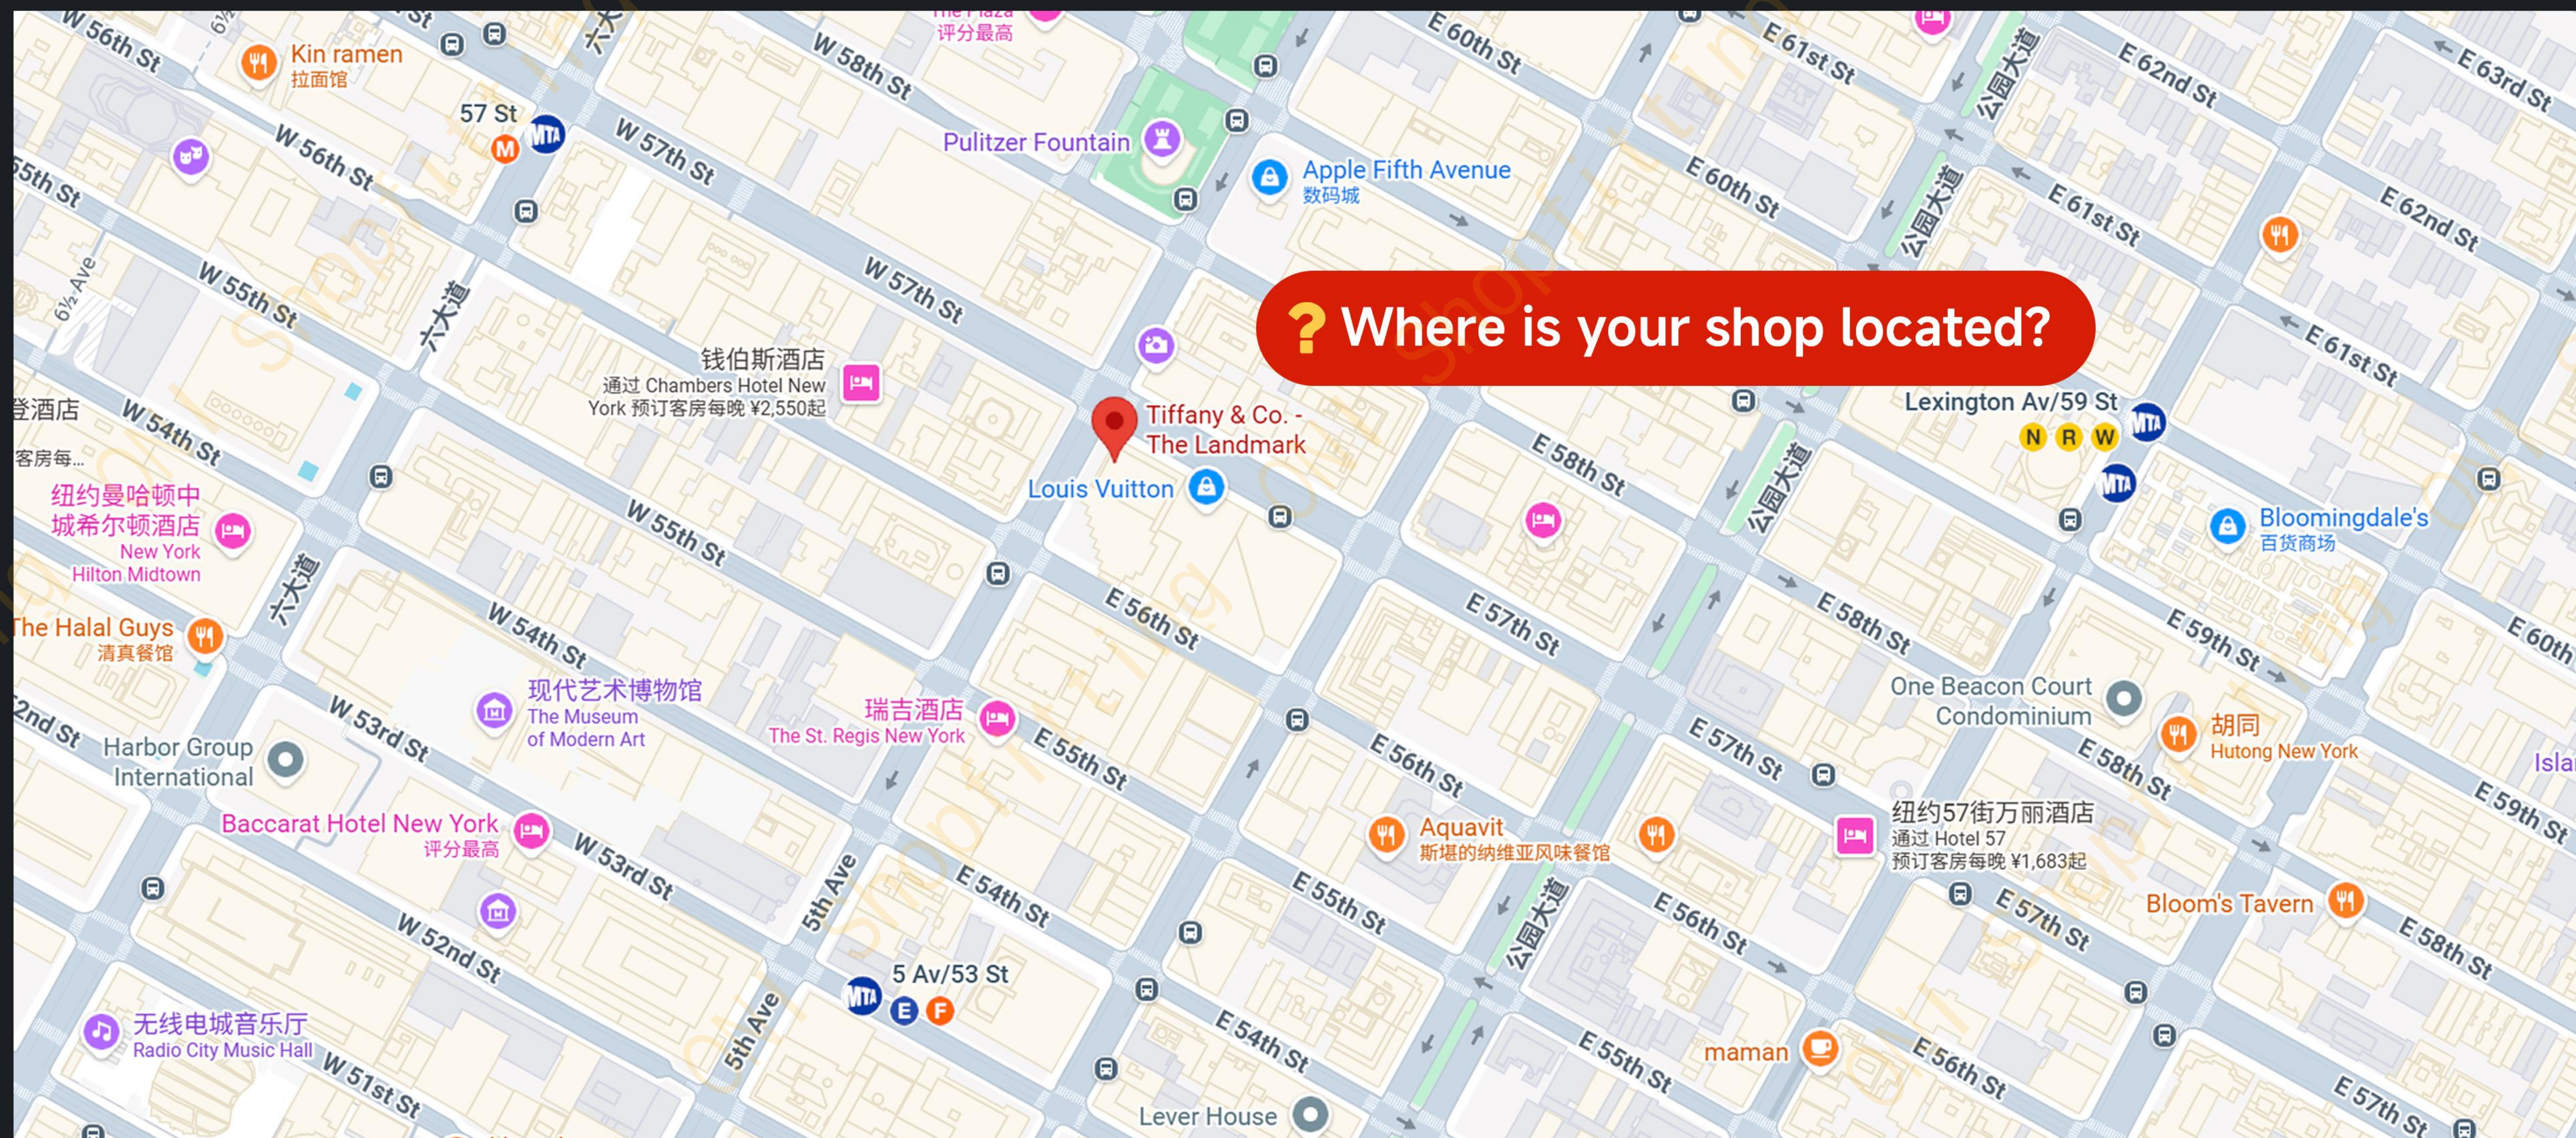

# 1、Basic Store Information

? Why need : Assess the authenticity of the project and the difficulty of transportation and installation.

## 📍 Location

Provide the country, city, store address, mall name, or Google Maps link.

# 1、 Basic Store Information

? Why need : Assess the authenticity of the project and the difficulty of transportation and installation.

## 🏠 Store type

Street store, Mall kiosk, Shop-in-shop, Showroom, Pop-up, renovation or something else ?

Street store

Mall kiosk

Shop -in-shop

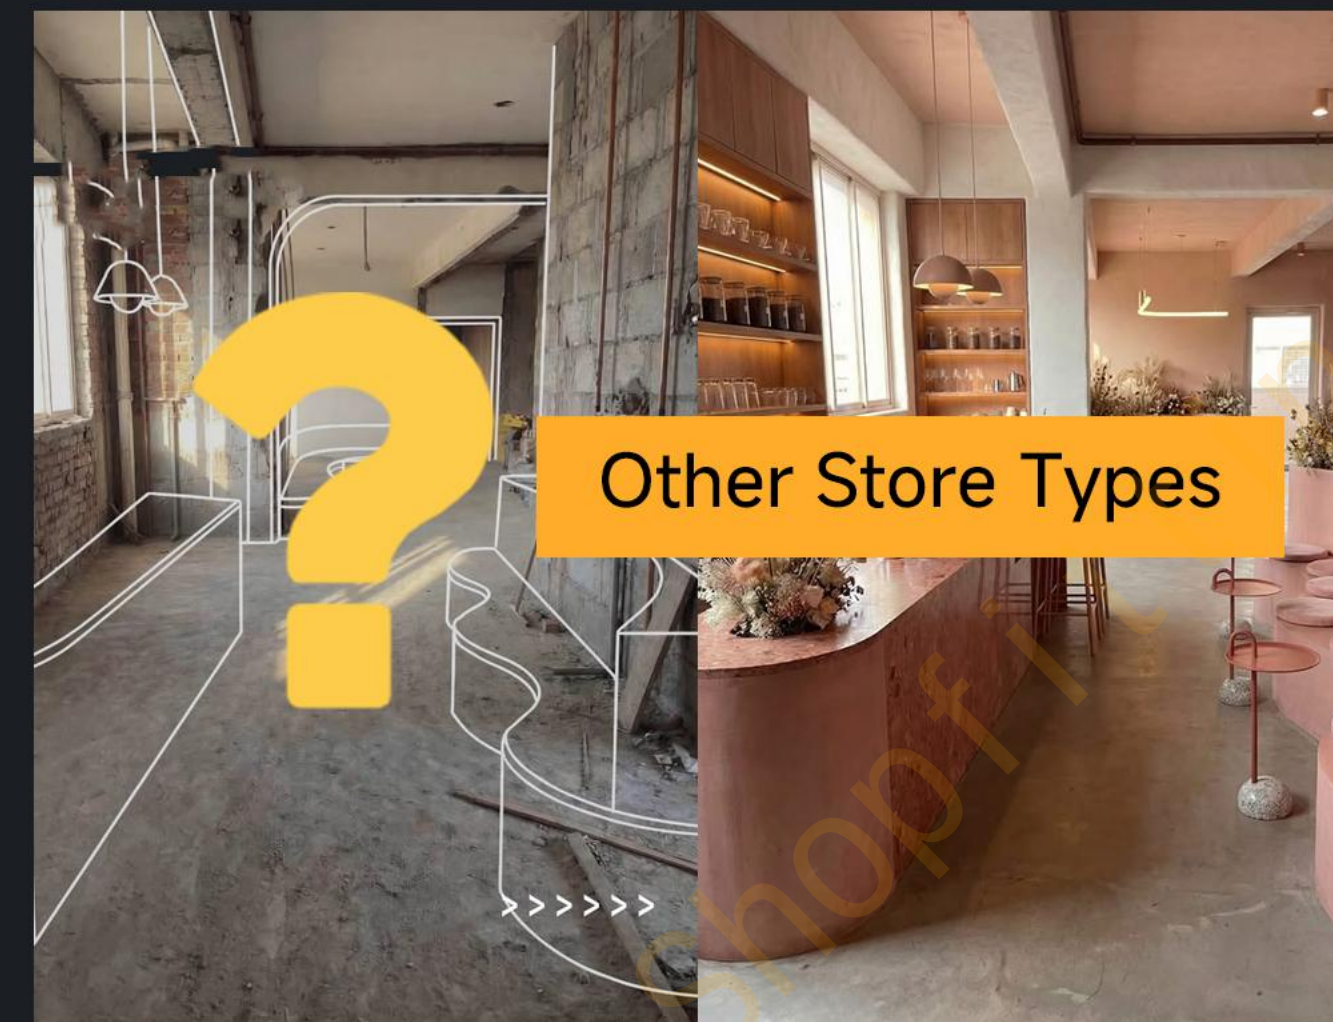

Pop-up

Showroom

Other Store Types

## 📊 Project stage

Looking for site, site confirmed, under renovation, new launch, or upgrade ?

# Part.2

## Existing Site Information

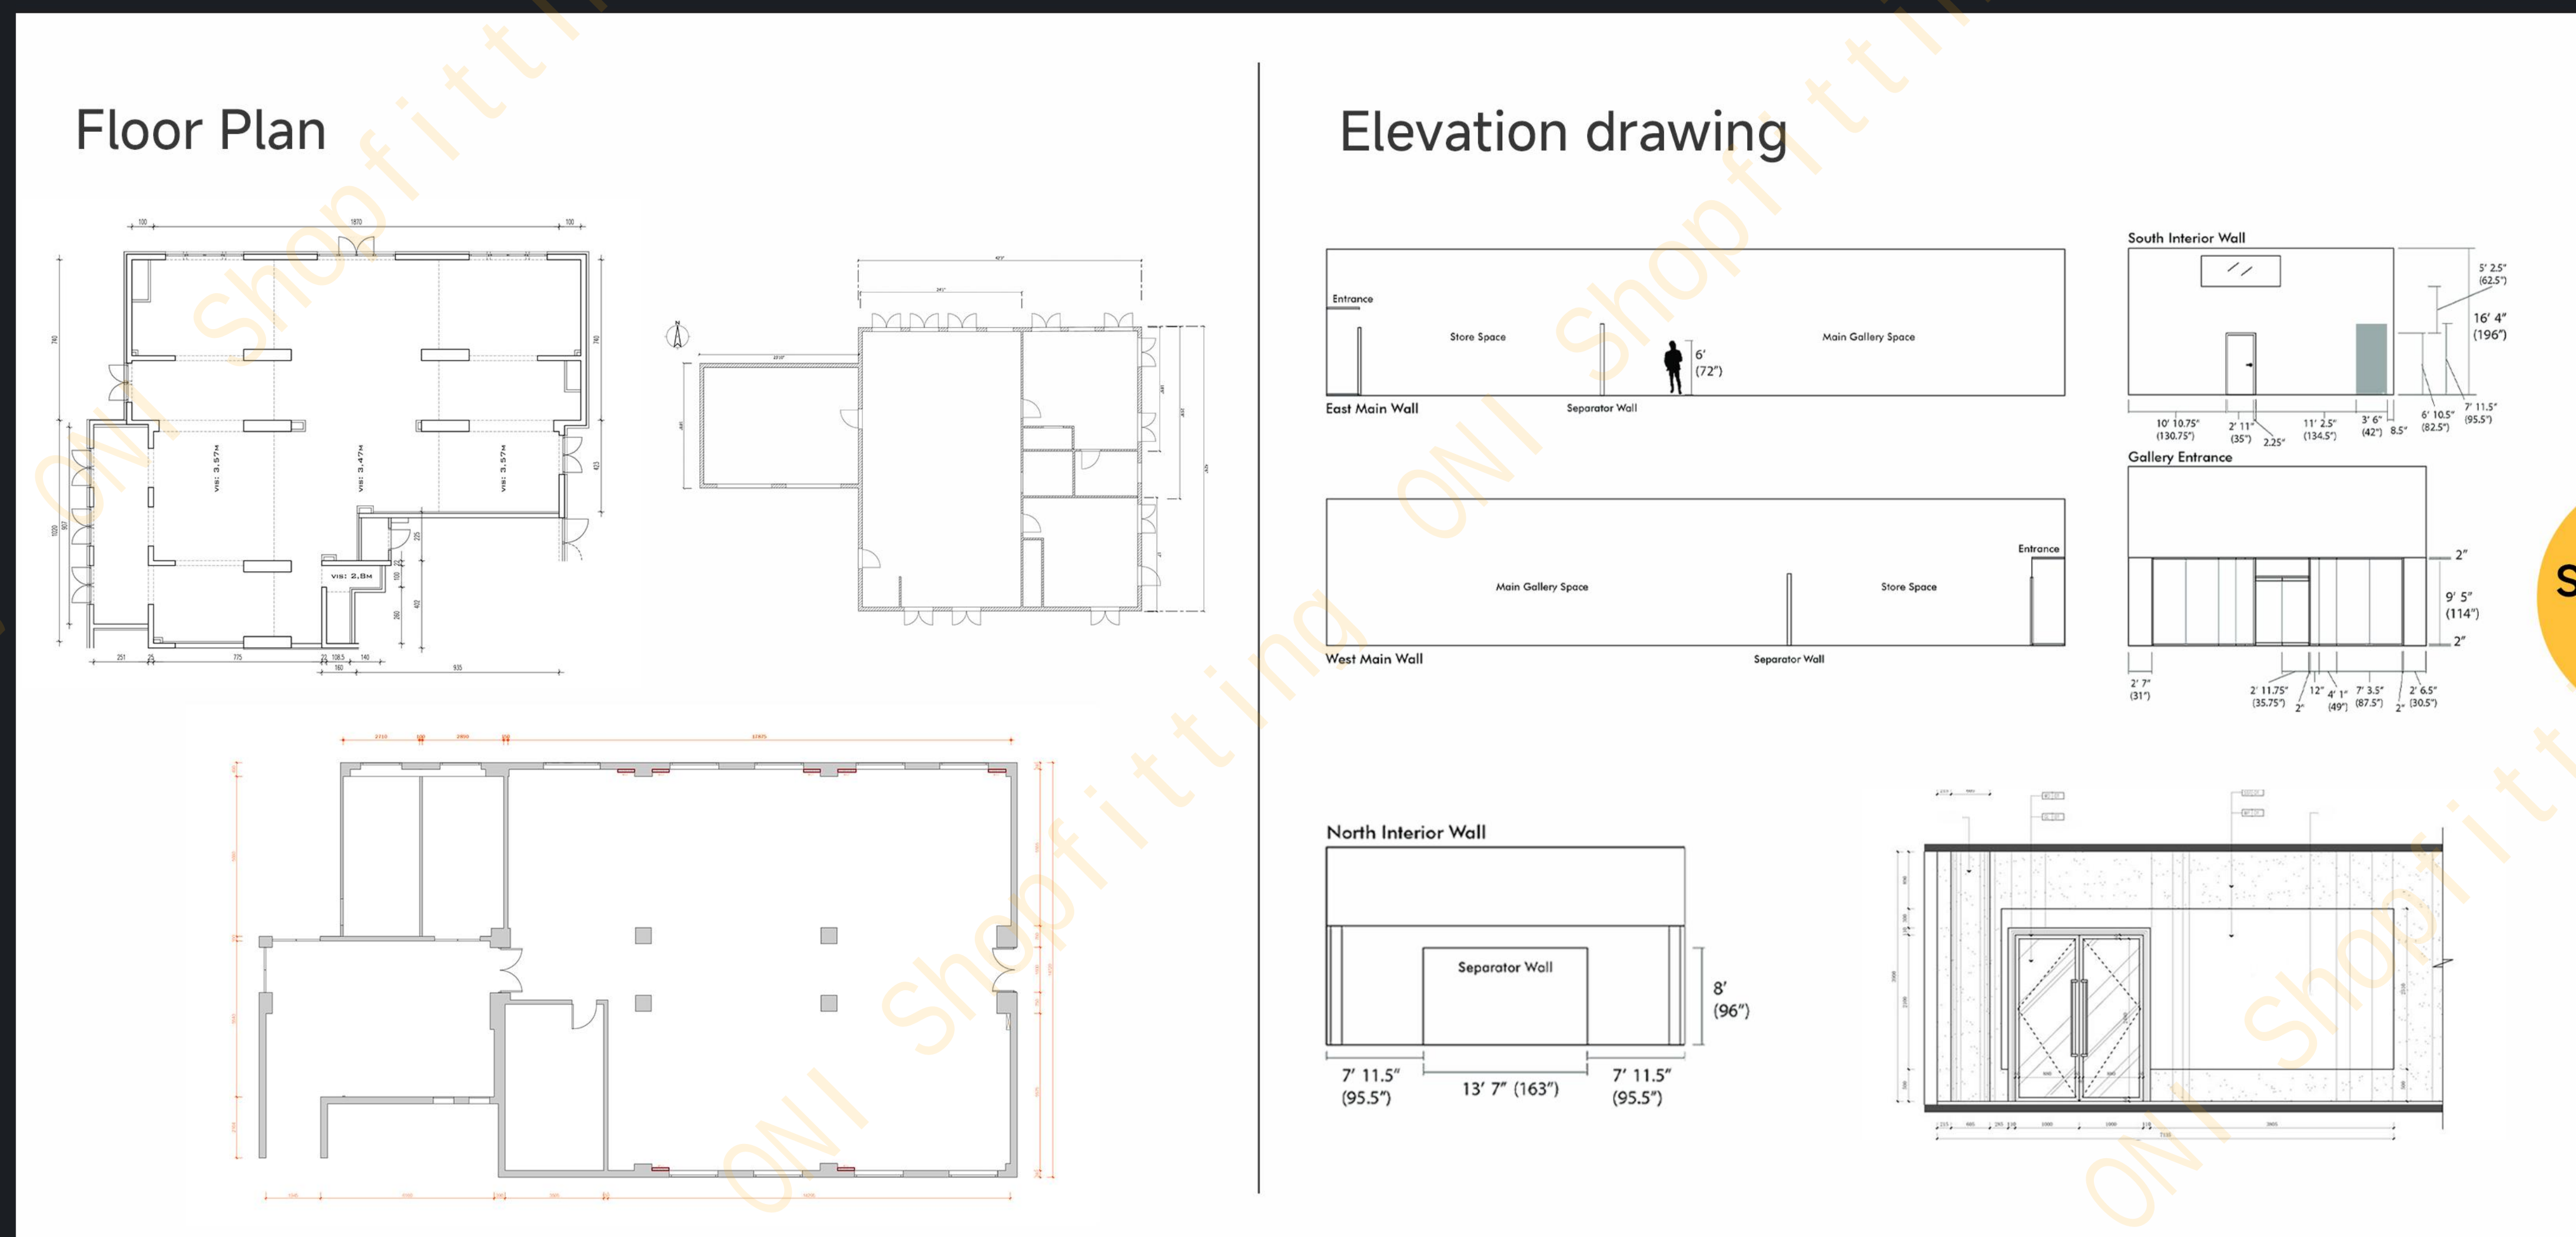

# 1、 Existing Site Drawings

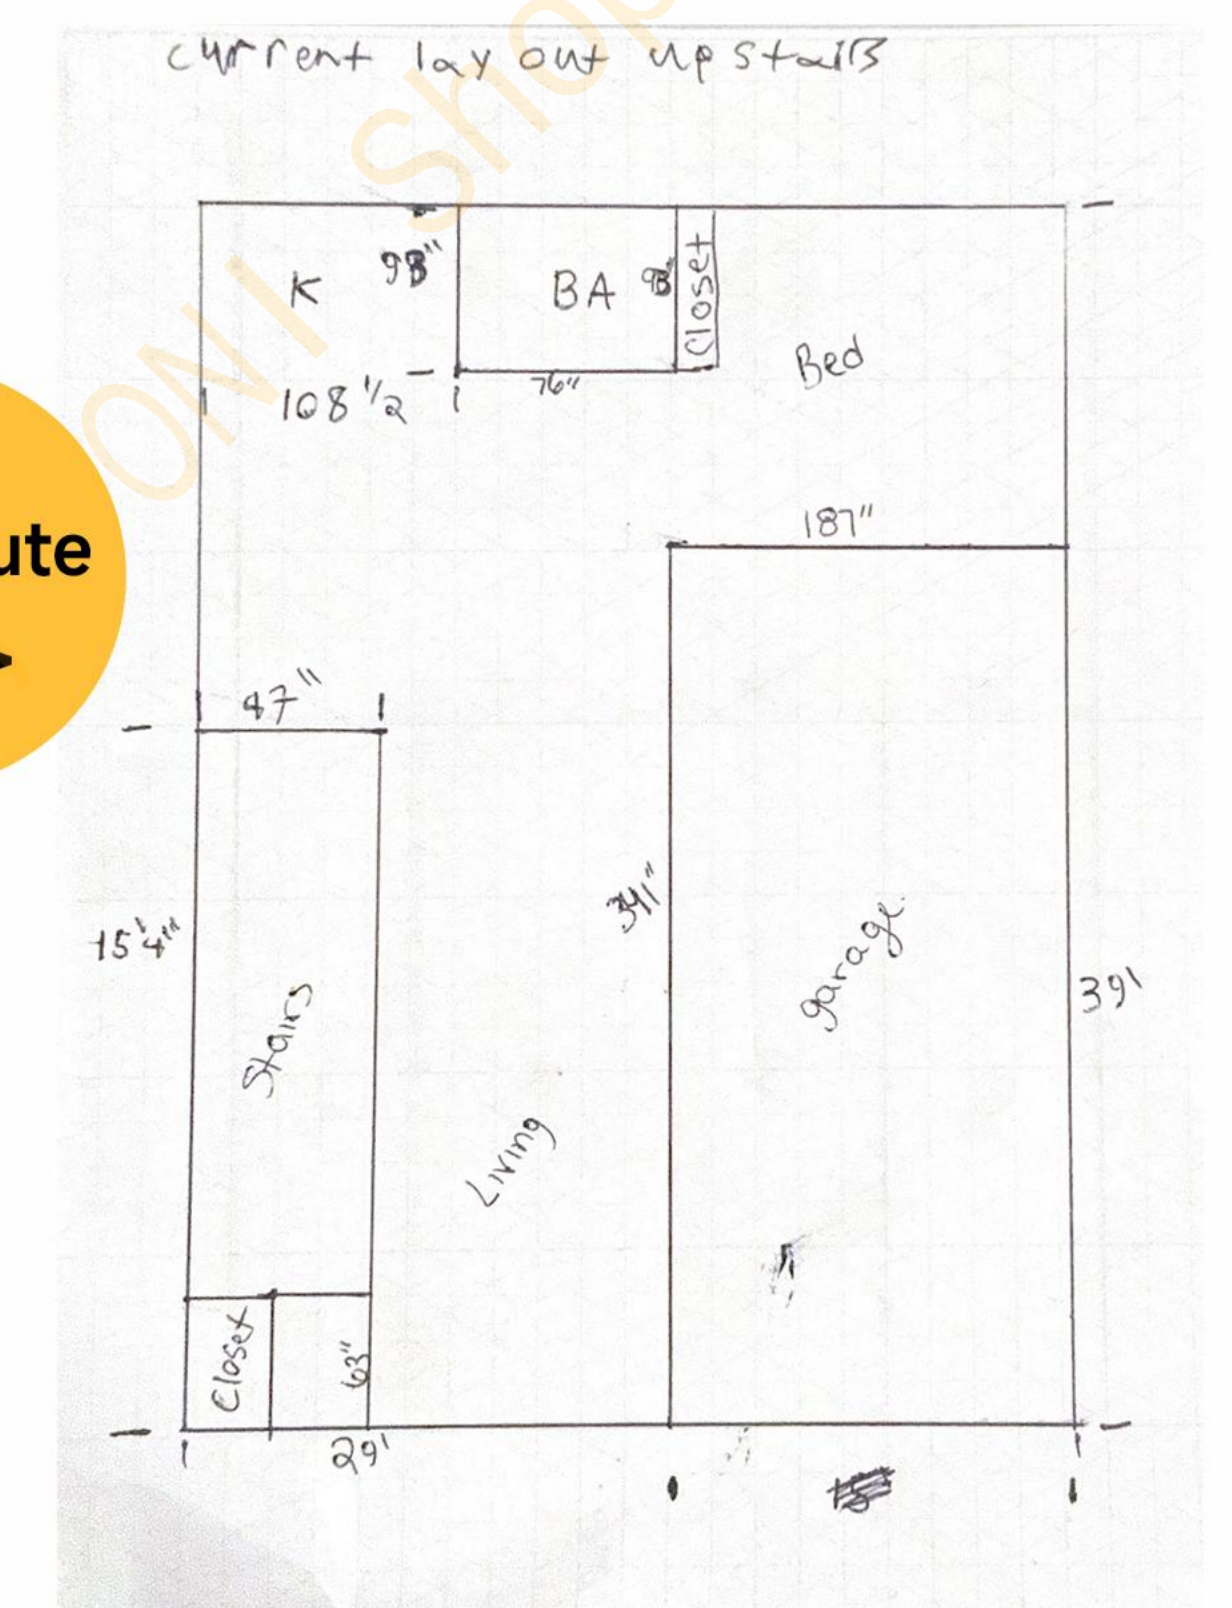

**?** Why need : Layout, fixture quantity, quotation, and installation risk all depend on site information.

## ✂ Total square and Plan dimensions

Provide the total floor area of the store, as well as floor plans and elevations.

If not available, you can provide a hand-drawn sketch with key dimensions.

## Substitute

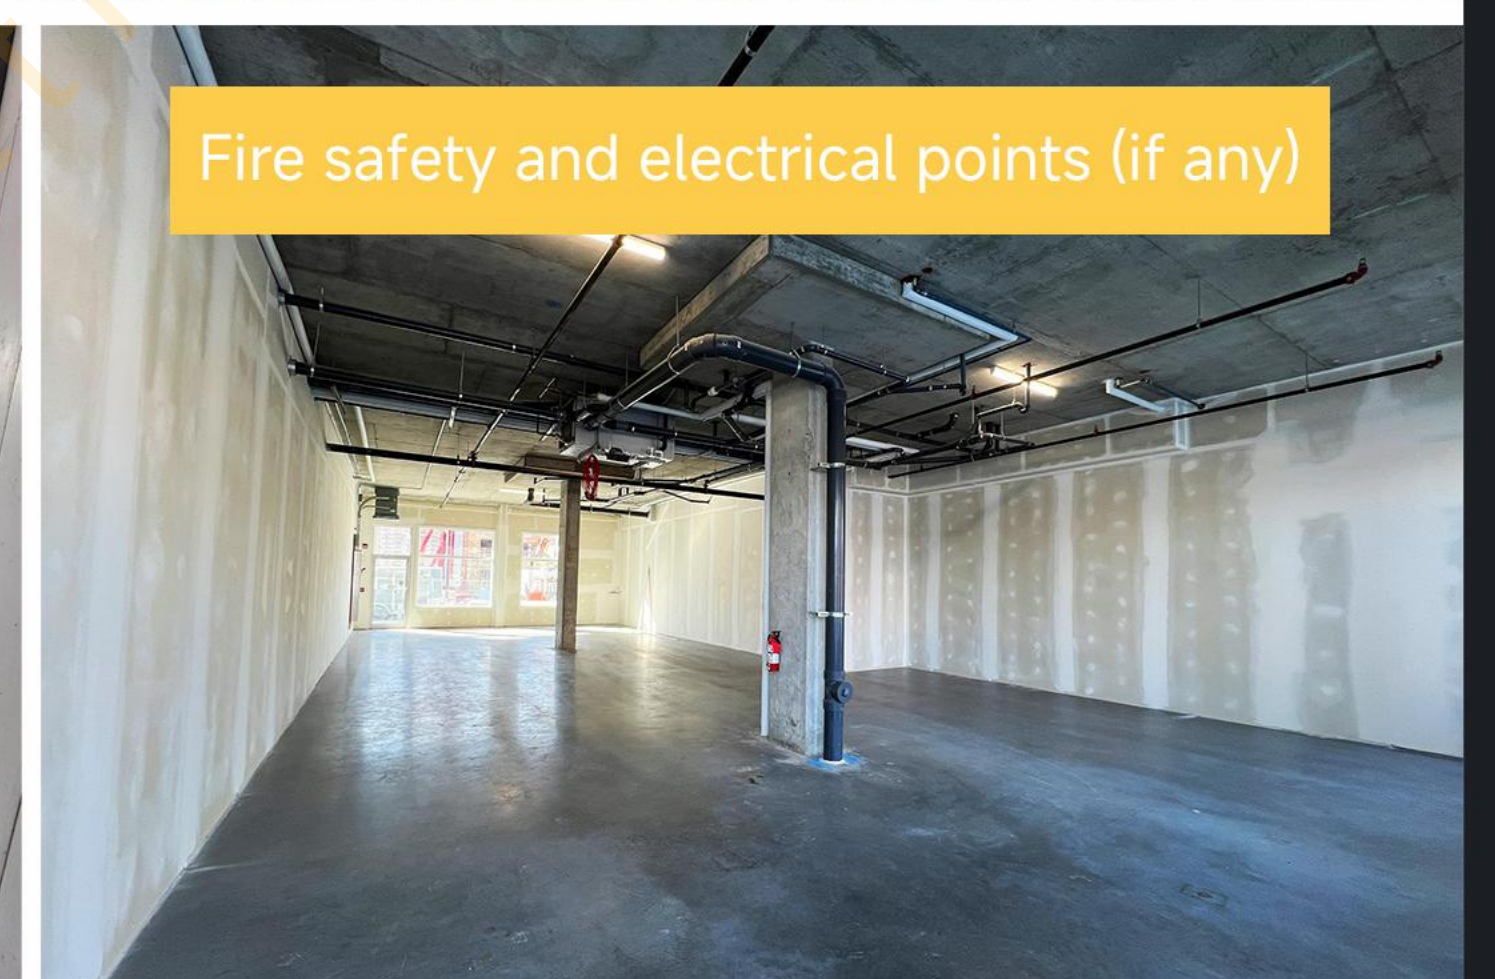

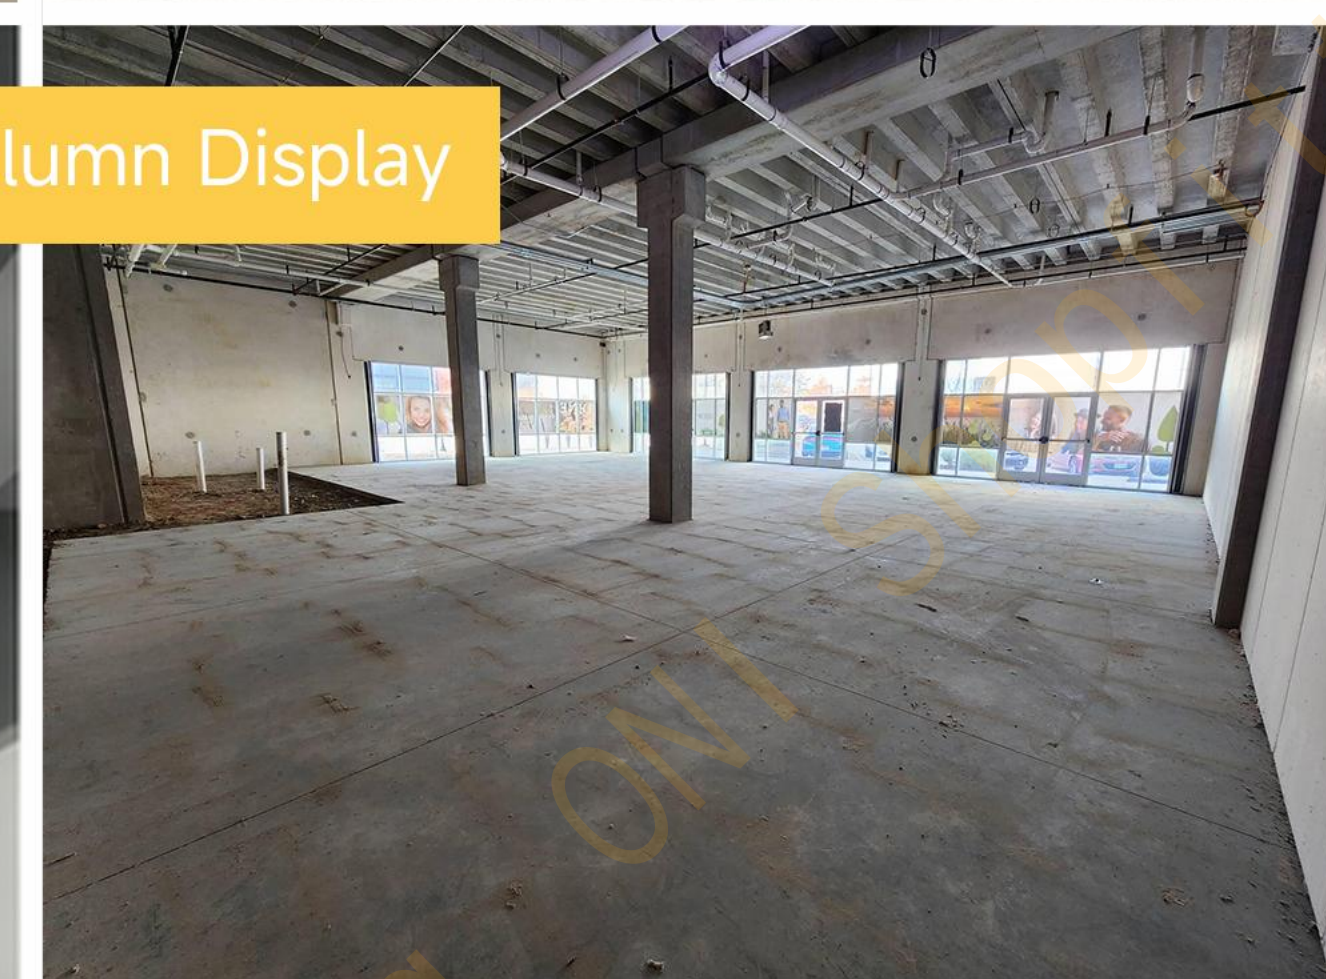

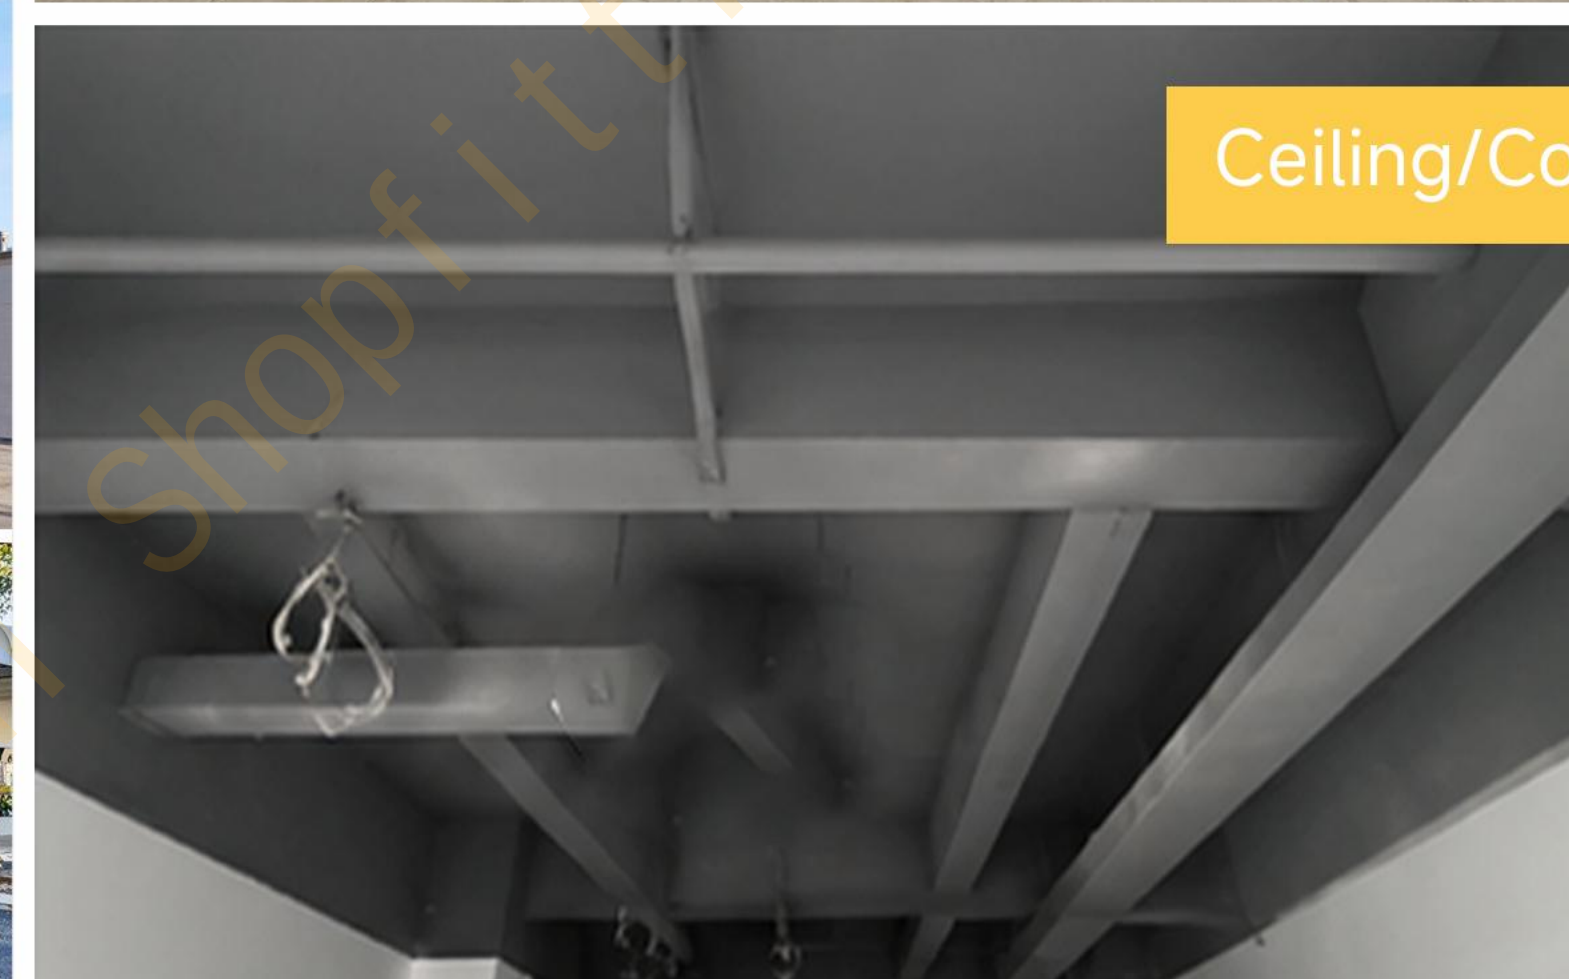

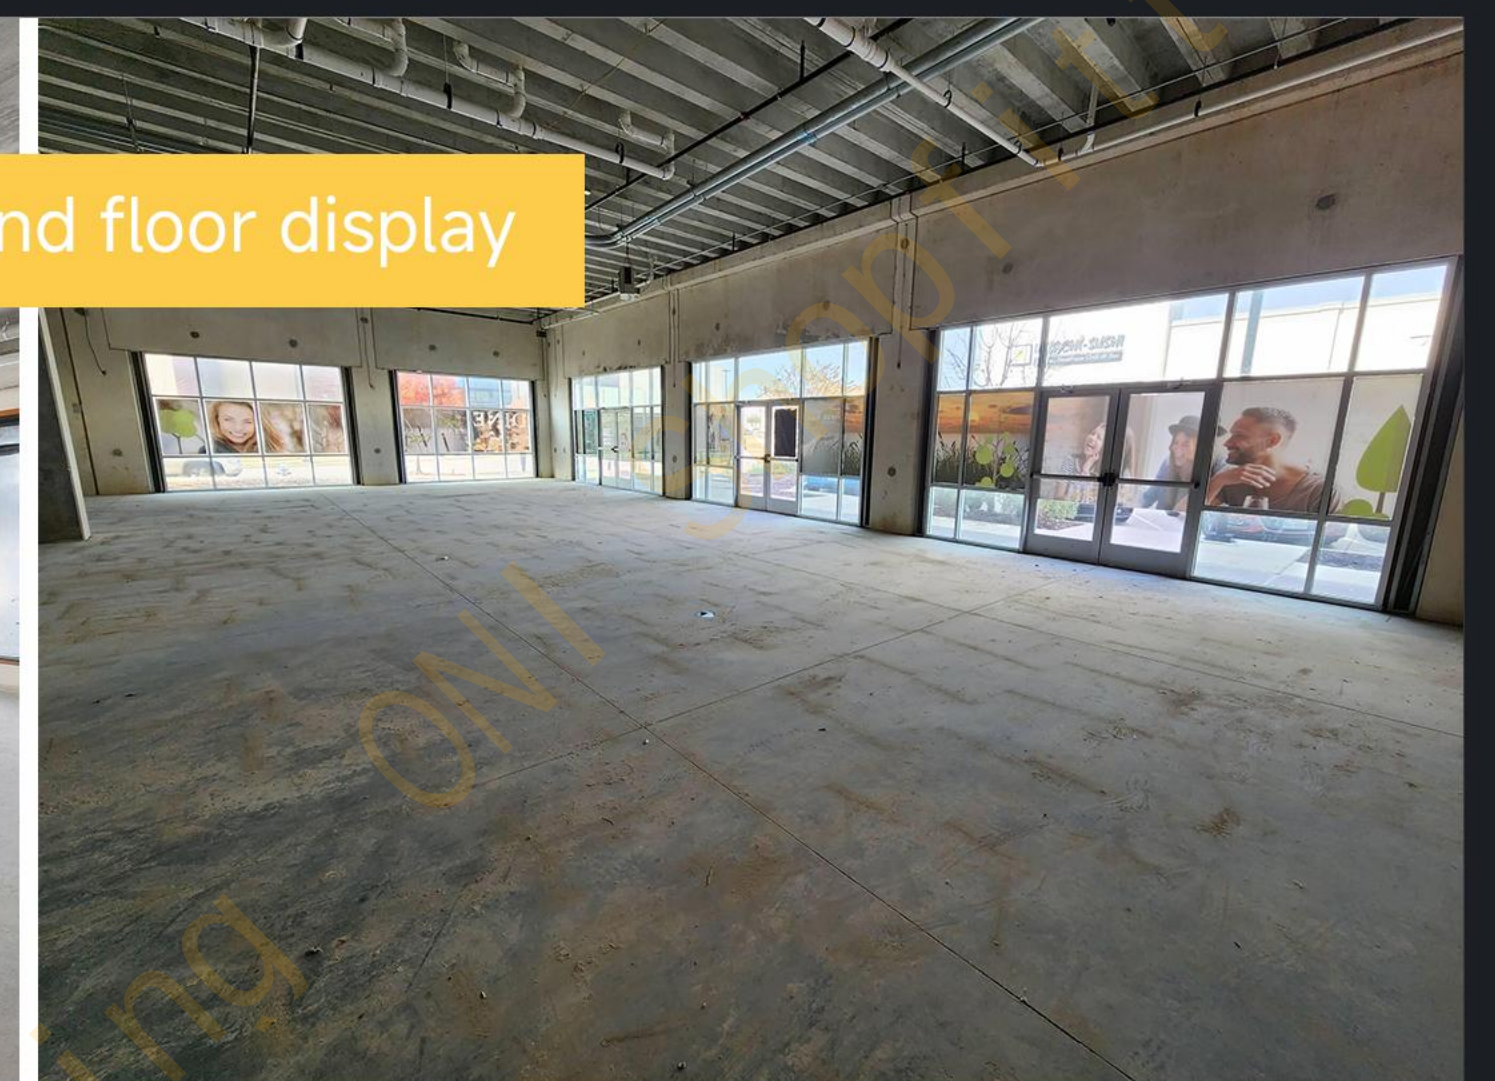

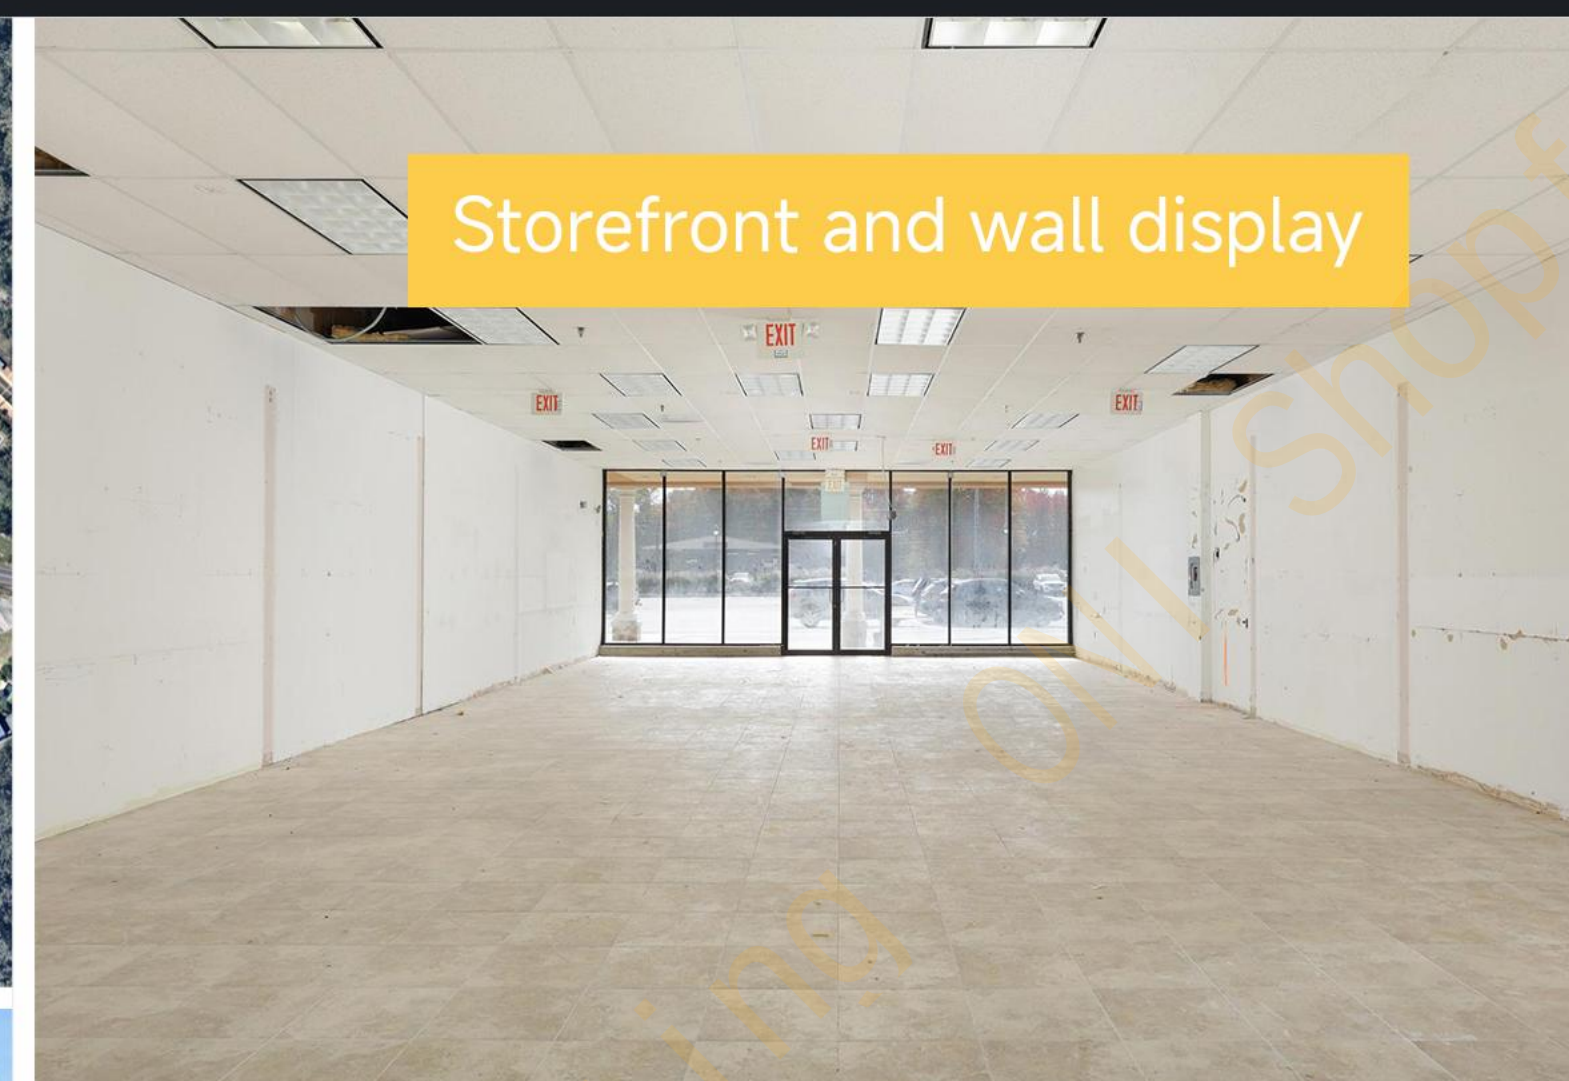

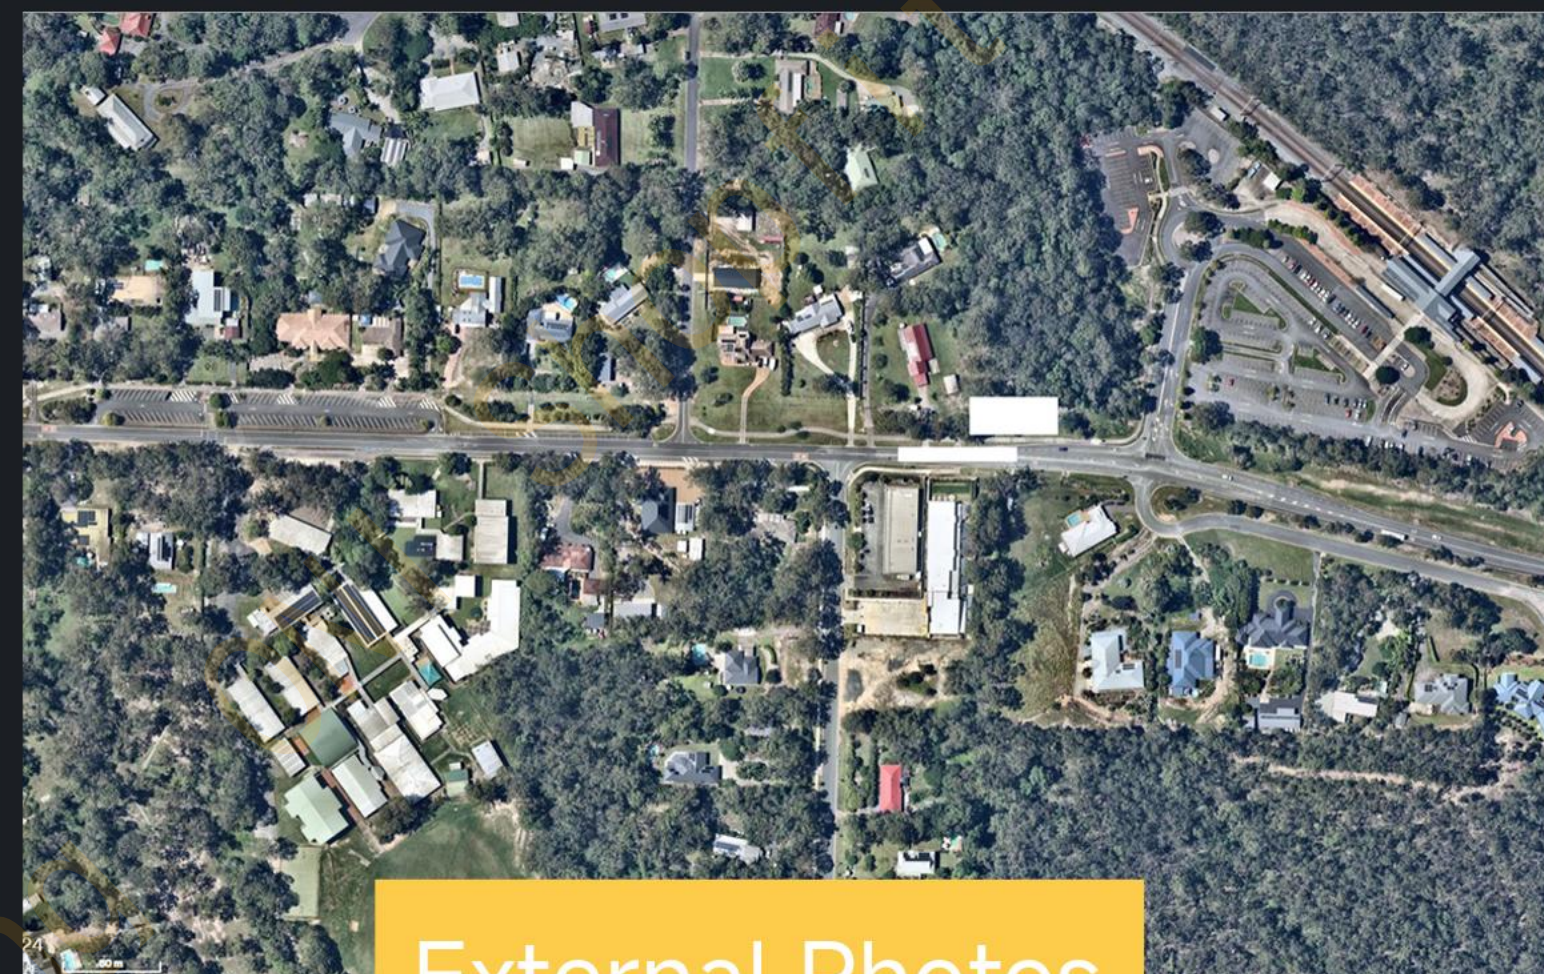

## 2、 On-site photos of the store

? Why need : Layout, fixture quantity, quotation, and installation risk all depend on site information.

📷 Providing a comprehensive range of real-life photographs and videos

External Photos: Storefront, signage, windows, and surroundings.

Interior Photos: Interior space, structures, and existing fixtures.

### 3、 In-Store Video & VR

? Why need : Layout, fixture quantity, quotation, and installation risk all depend on site information.

📷 Providing a comprehensive range of real-life photographs and videos

360-Degree Views: Videos or panoramic views to help us understand the existing space and layout.

# Part.3

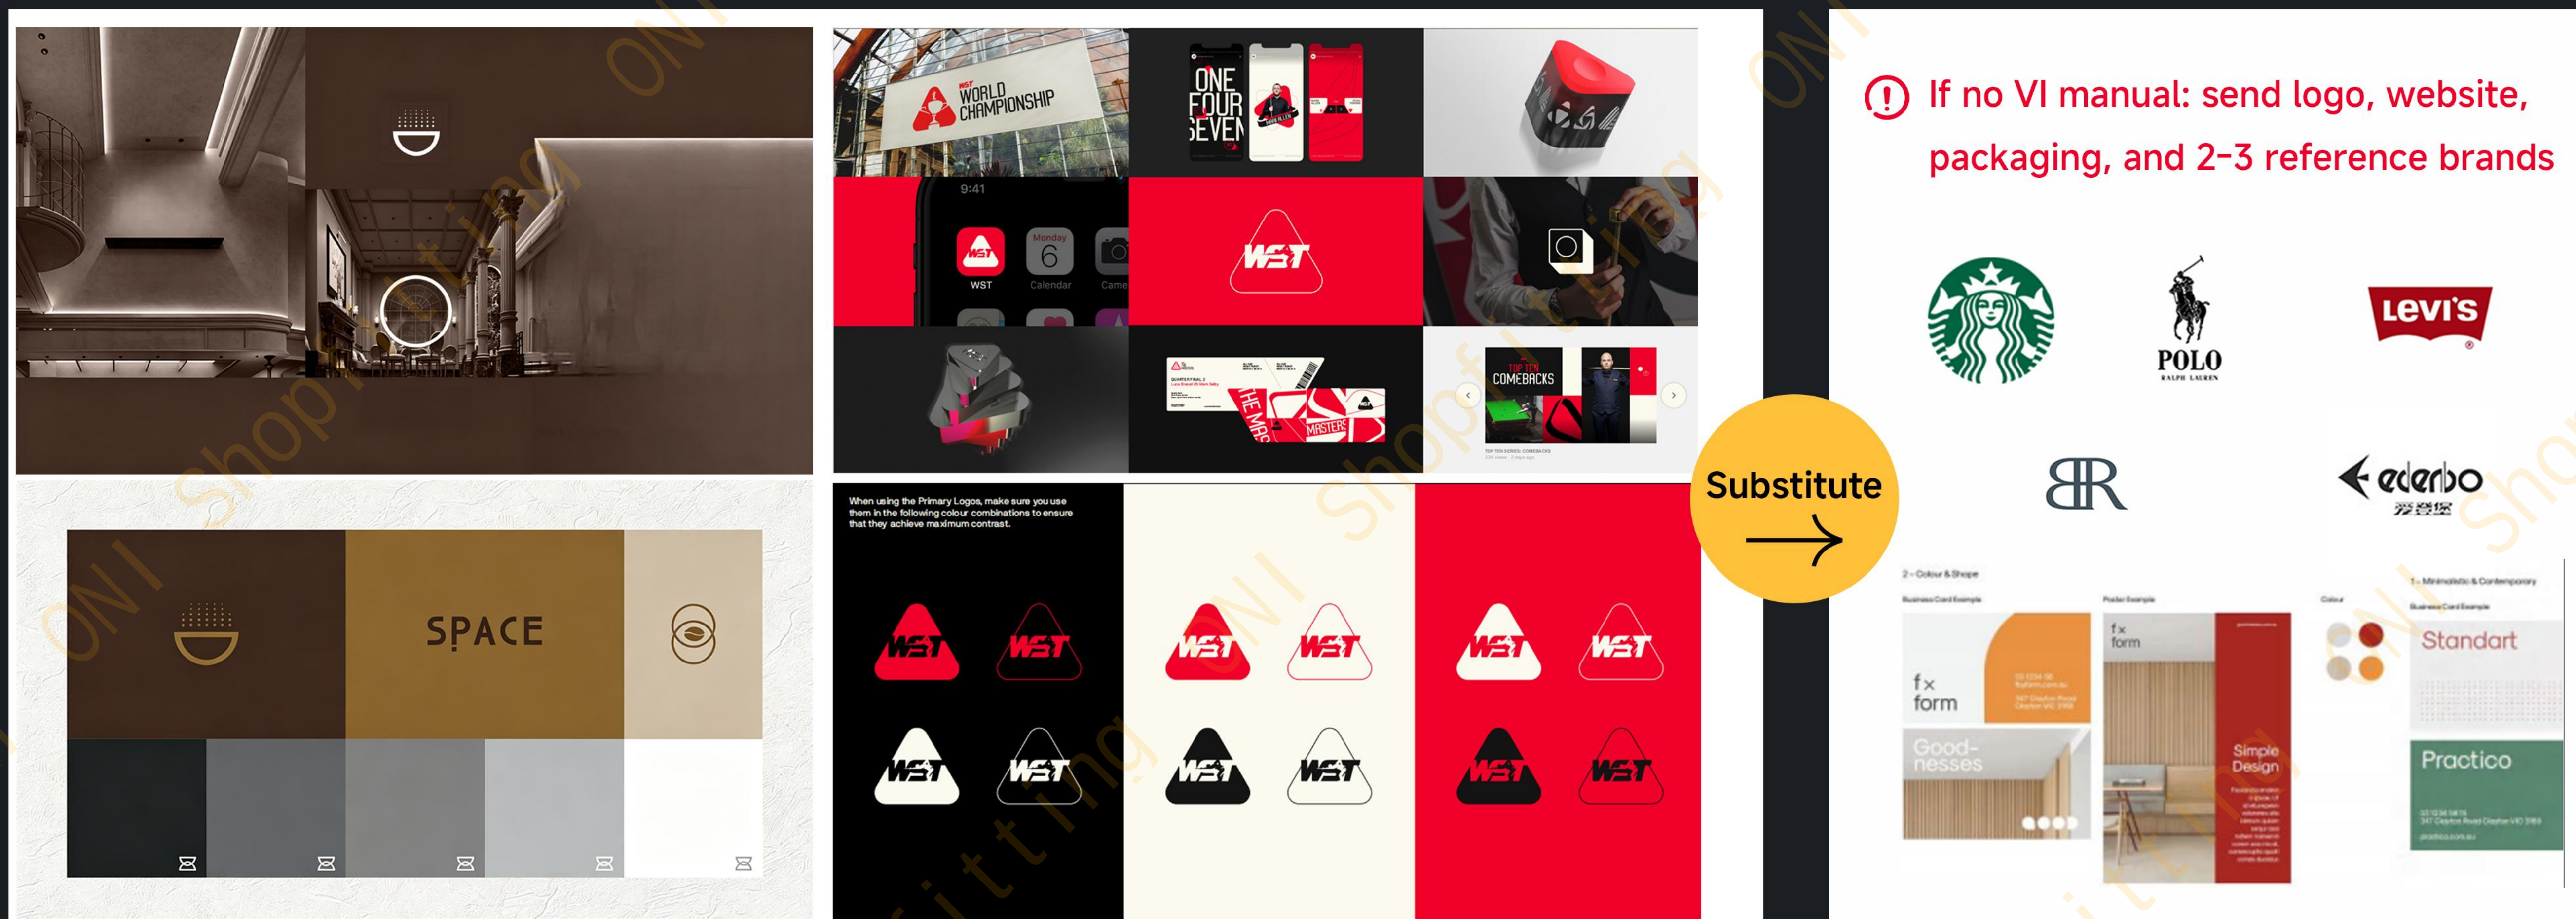

## Brand Information

# 1、Brand Information

? Why need : Determine the visual direction and material grade.

⚙ Please provide the brand name, logo, and VI file (if applicable).

## Optional Service: Brand Identity Development

Need assistance shaping your brand image?

If needed, our team can also provide a range of additional services, including logo design, visual identity development, brand guidelines, and retail visual solutions.

# Part.4

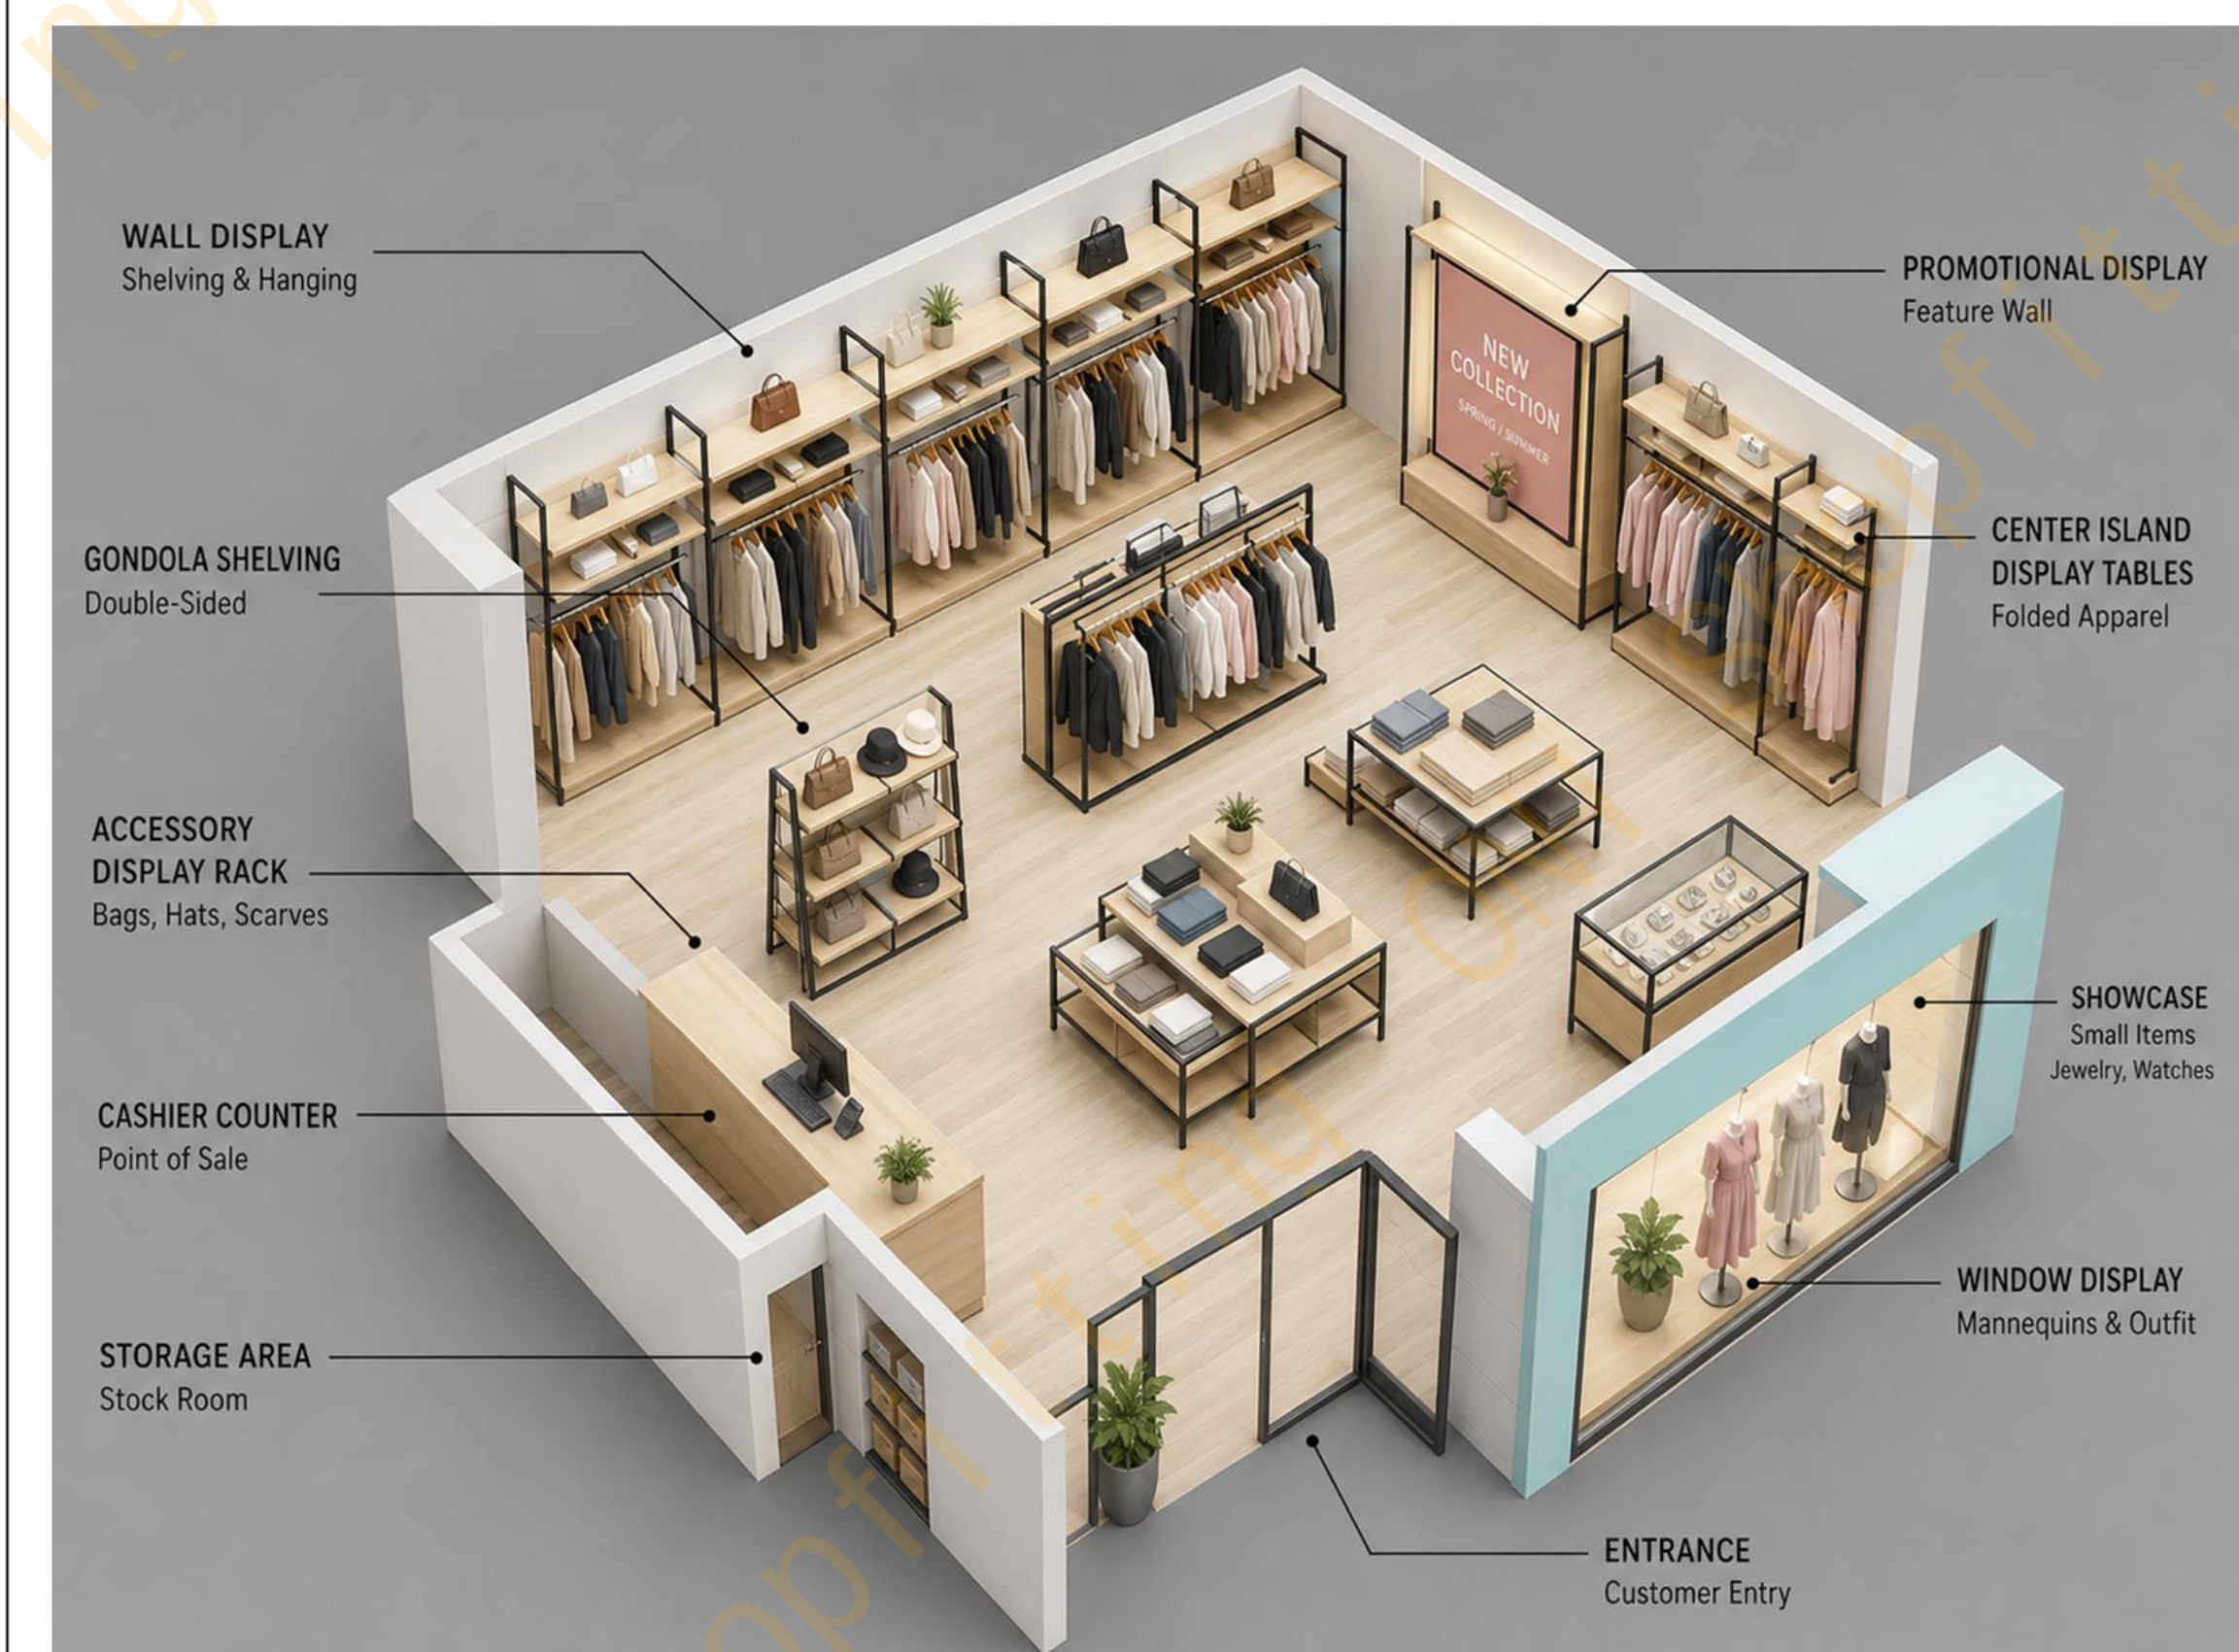

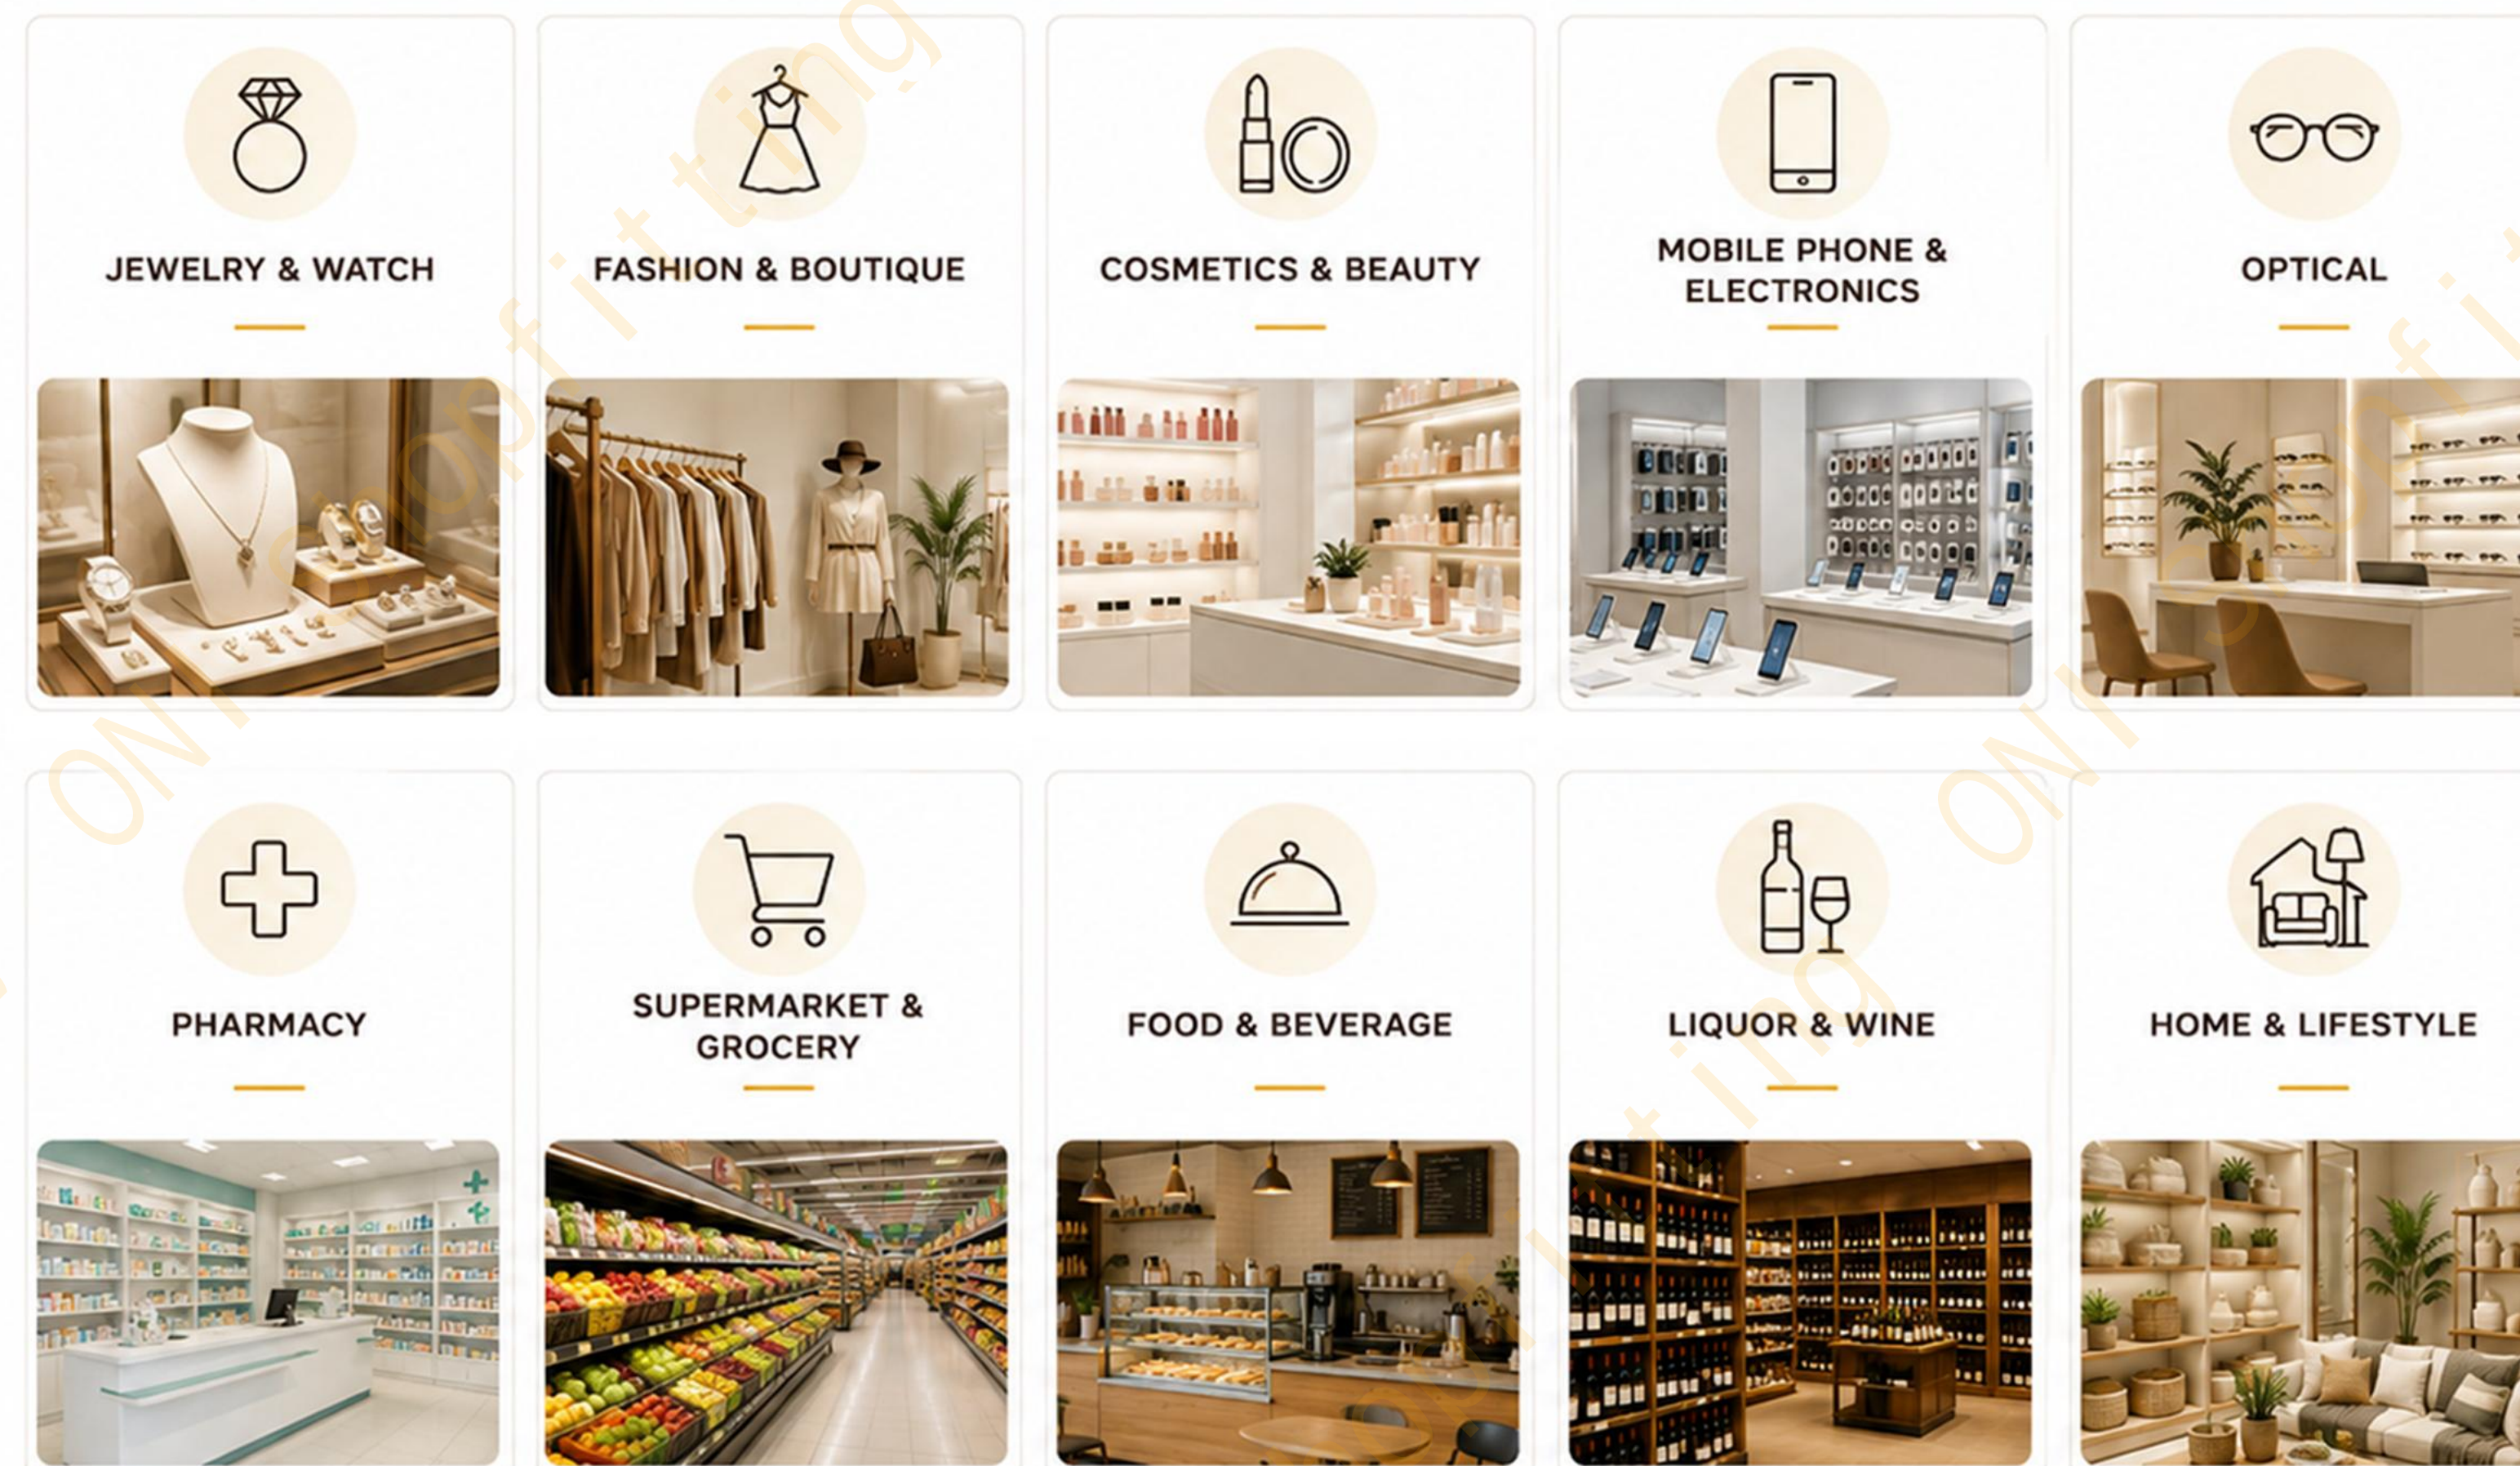

## Product Categories & Display Requirements

# 1、Product Categories & Display Requirements

? Why need : Determine the display case type, shelf height, lighting, and structure.

Please let us know the product category and display requirements.

! If that is not available, you can use product photos with approximate dimensions instead.

# 1、Product Categories & Display Requirements

For example: Your store is a Jewelry & Watches, your product categories and display needs are...↓

## Product Details

Provide product dimensions and specifications (if applicable).

## Quantity

Provide the quantity of products and the number of product varieties (if applicable).

⚠ If that is not available, you can use product photos with approximate dimensions instead.

# Part.5

## Design Inspiration & Preferences

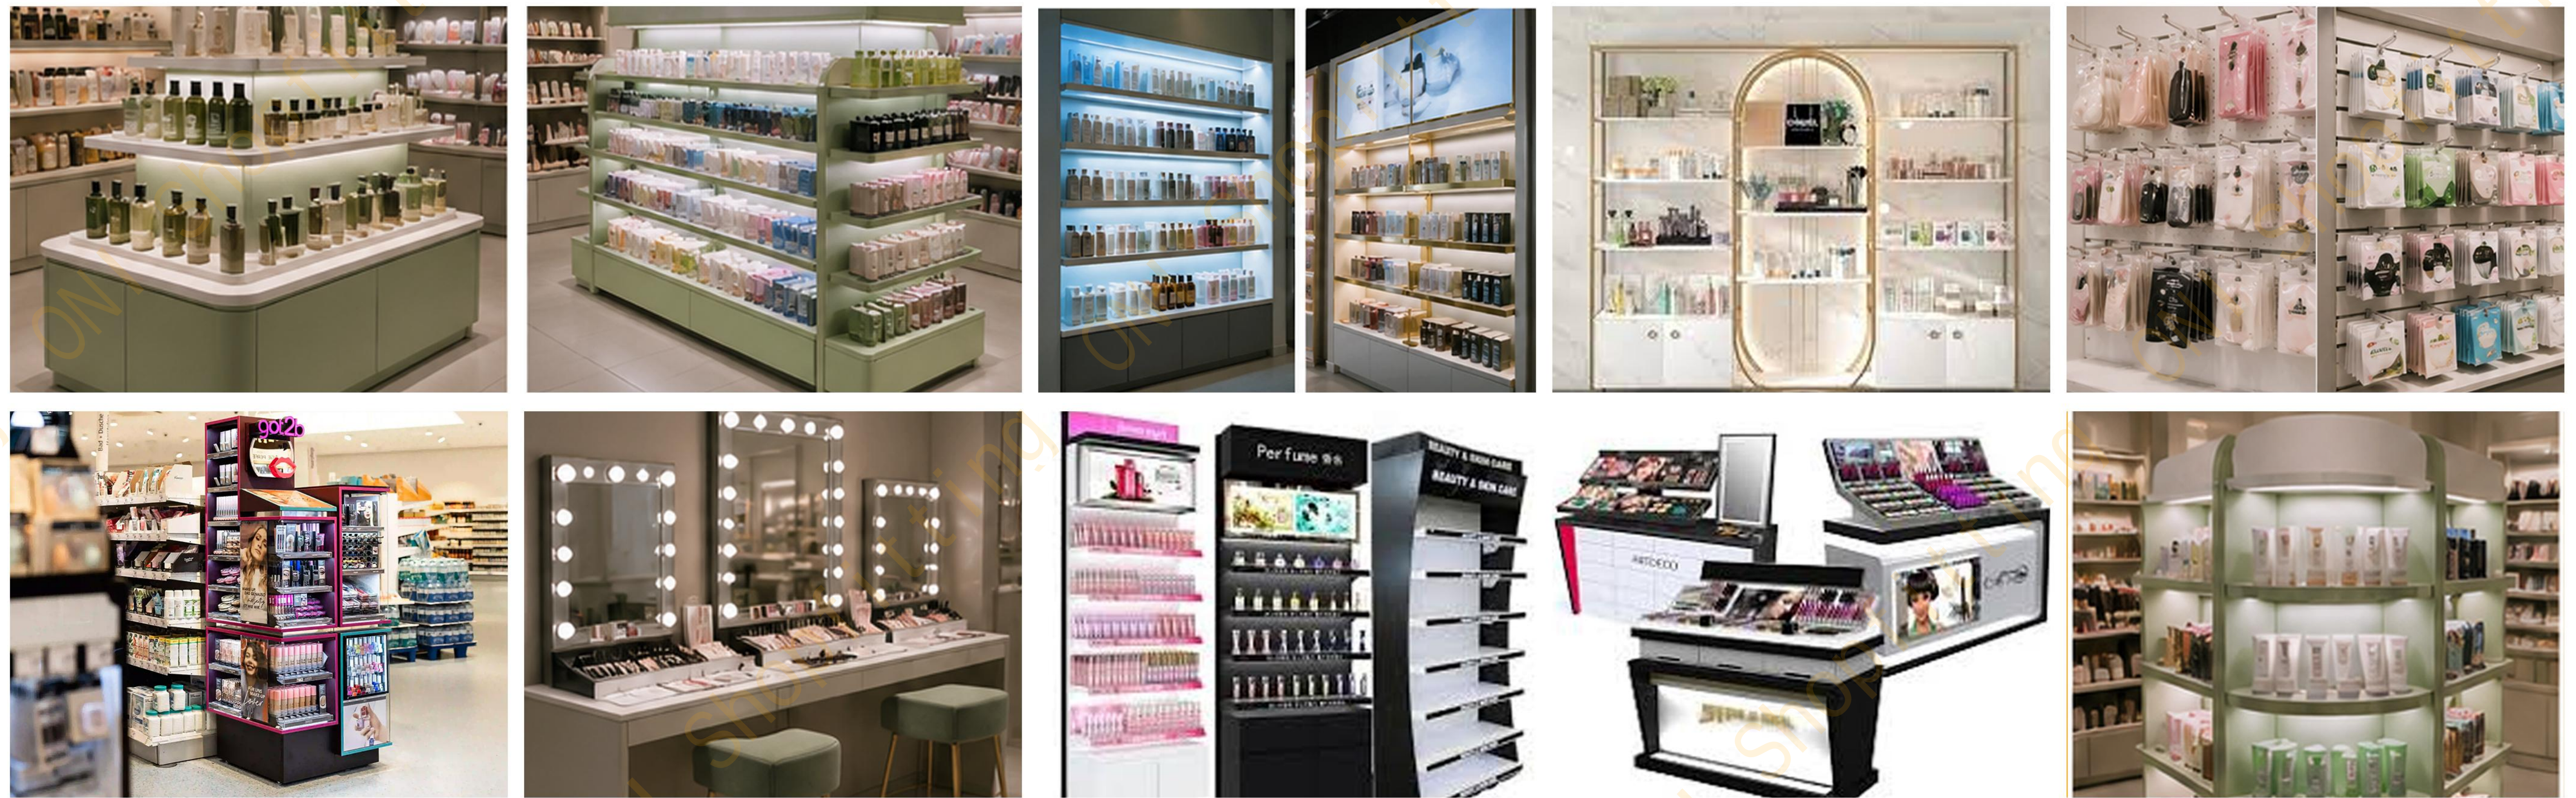

# 1、 Design Inspiration & Preferences

? Why need : Avoid directional deviation and improve design efficiency.

✦ Provide 3 to 5 reference images of shops you like.

For example, a **cosmetics shop** favors the following styles: ↓

# 1、Design Inspiration & Preferences

? Why need : Avoid directional deviation and improve design efficiency.

✦ Provide 3 to 5 reference images of shops you like.

For example, a **Jewelry shop** favors the following styles: ↓

! If not, you can use keywords to describe it: modern, luxury, natural, tech.

# Part.6

## Opening Time and Budget Range

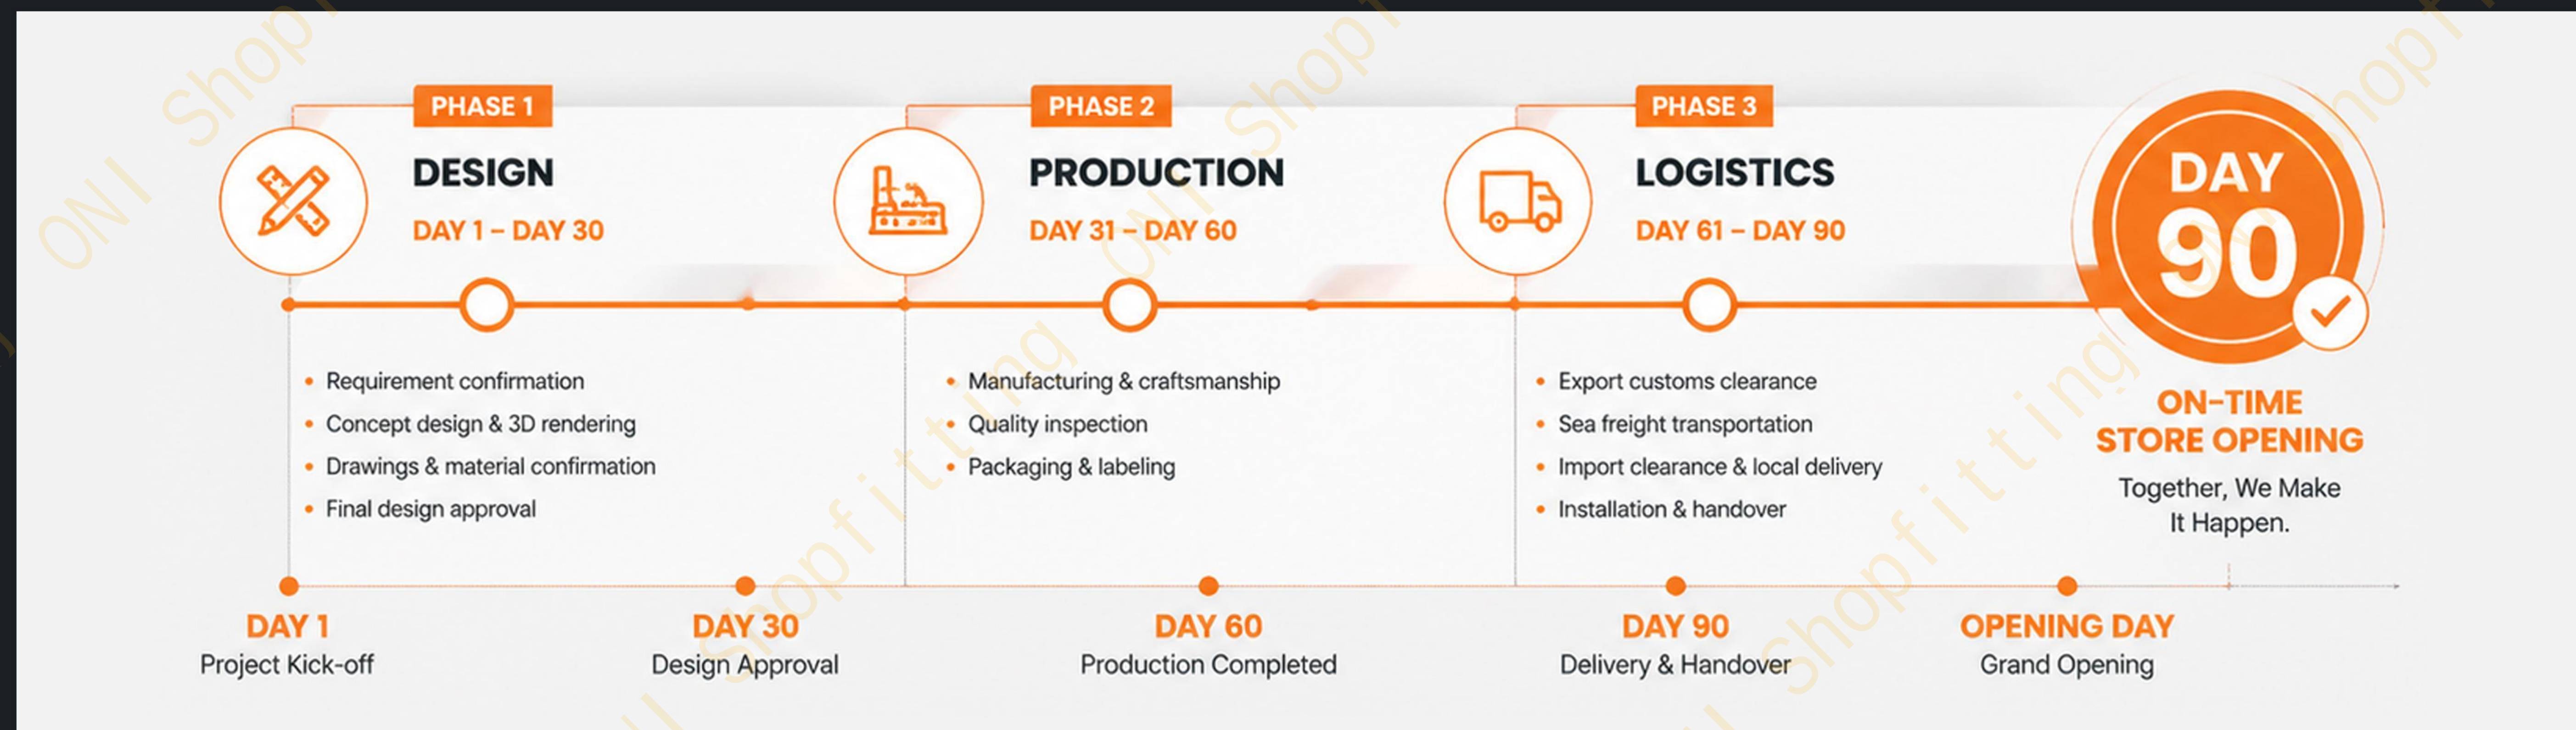

# 1、Opening Time

? Why need : Specifying the timeline allows for better control over the product production schedule.

✦ Provide the your expected project completion date or deadlines.

## 90-DAY COUNTDOWN TIMELINE

## 2、 Budget range (if applicable)

? Why need : Assess the feasibility of the plan to minimize rework caused by budget overruns.

✂ Budget breakdown: display cabinets, transportation, installation, and fit-out.

! If that is unavailable or inconvenient, you may provide the target tier or price range instead.

# Part.7

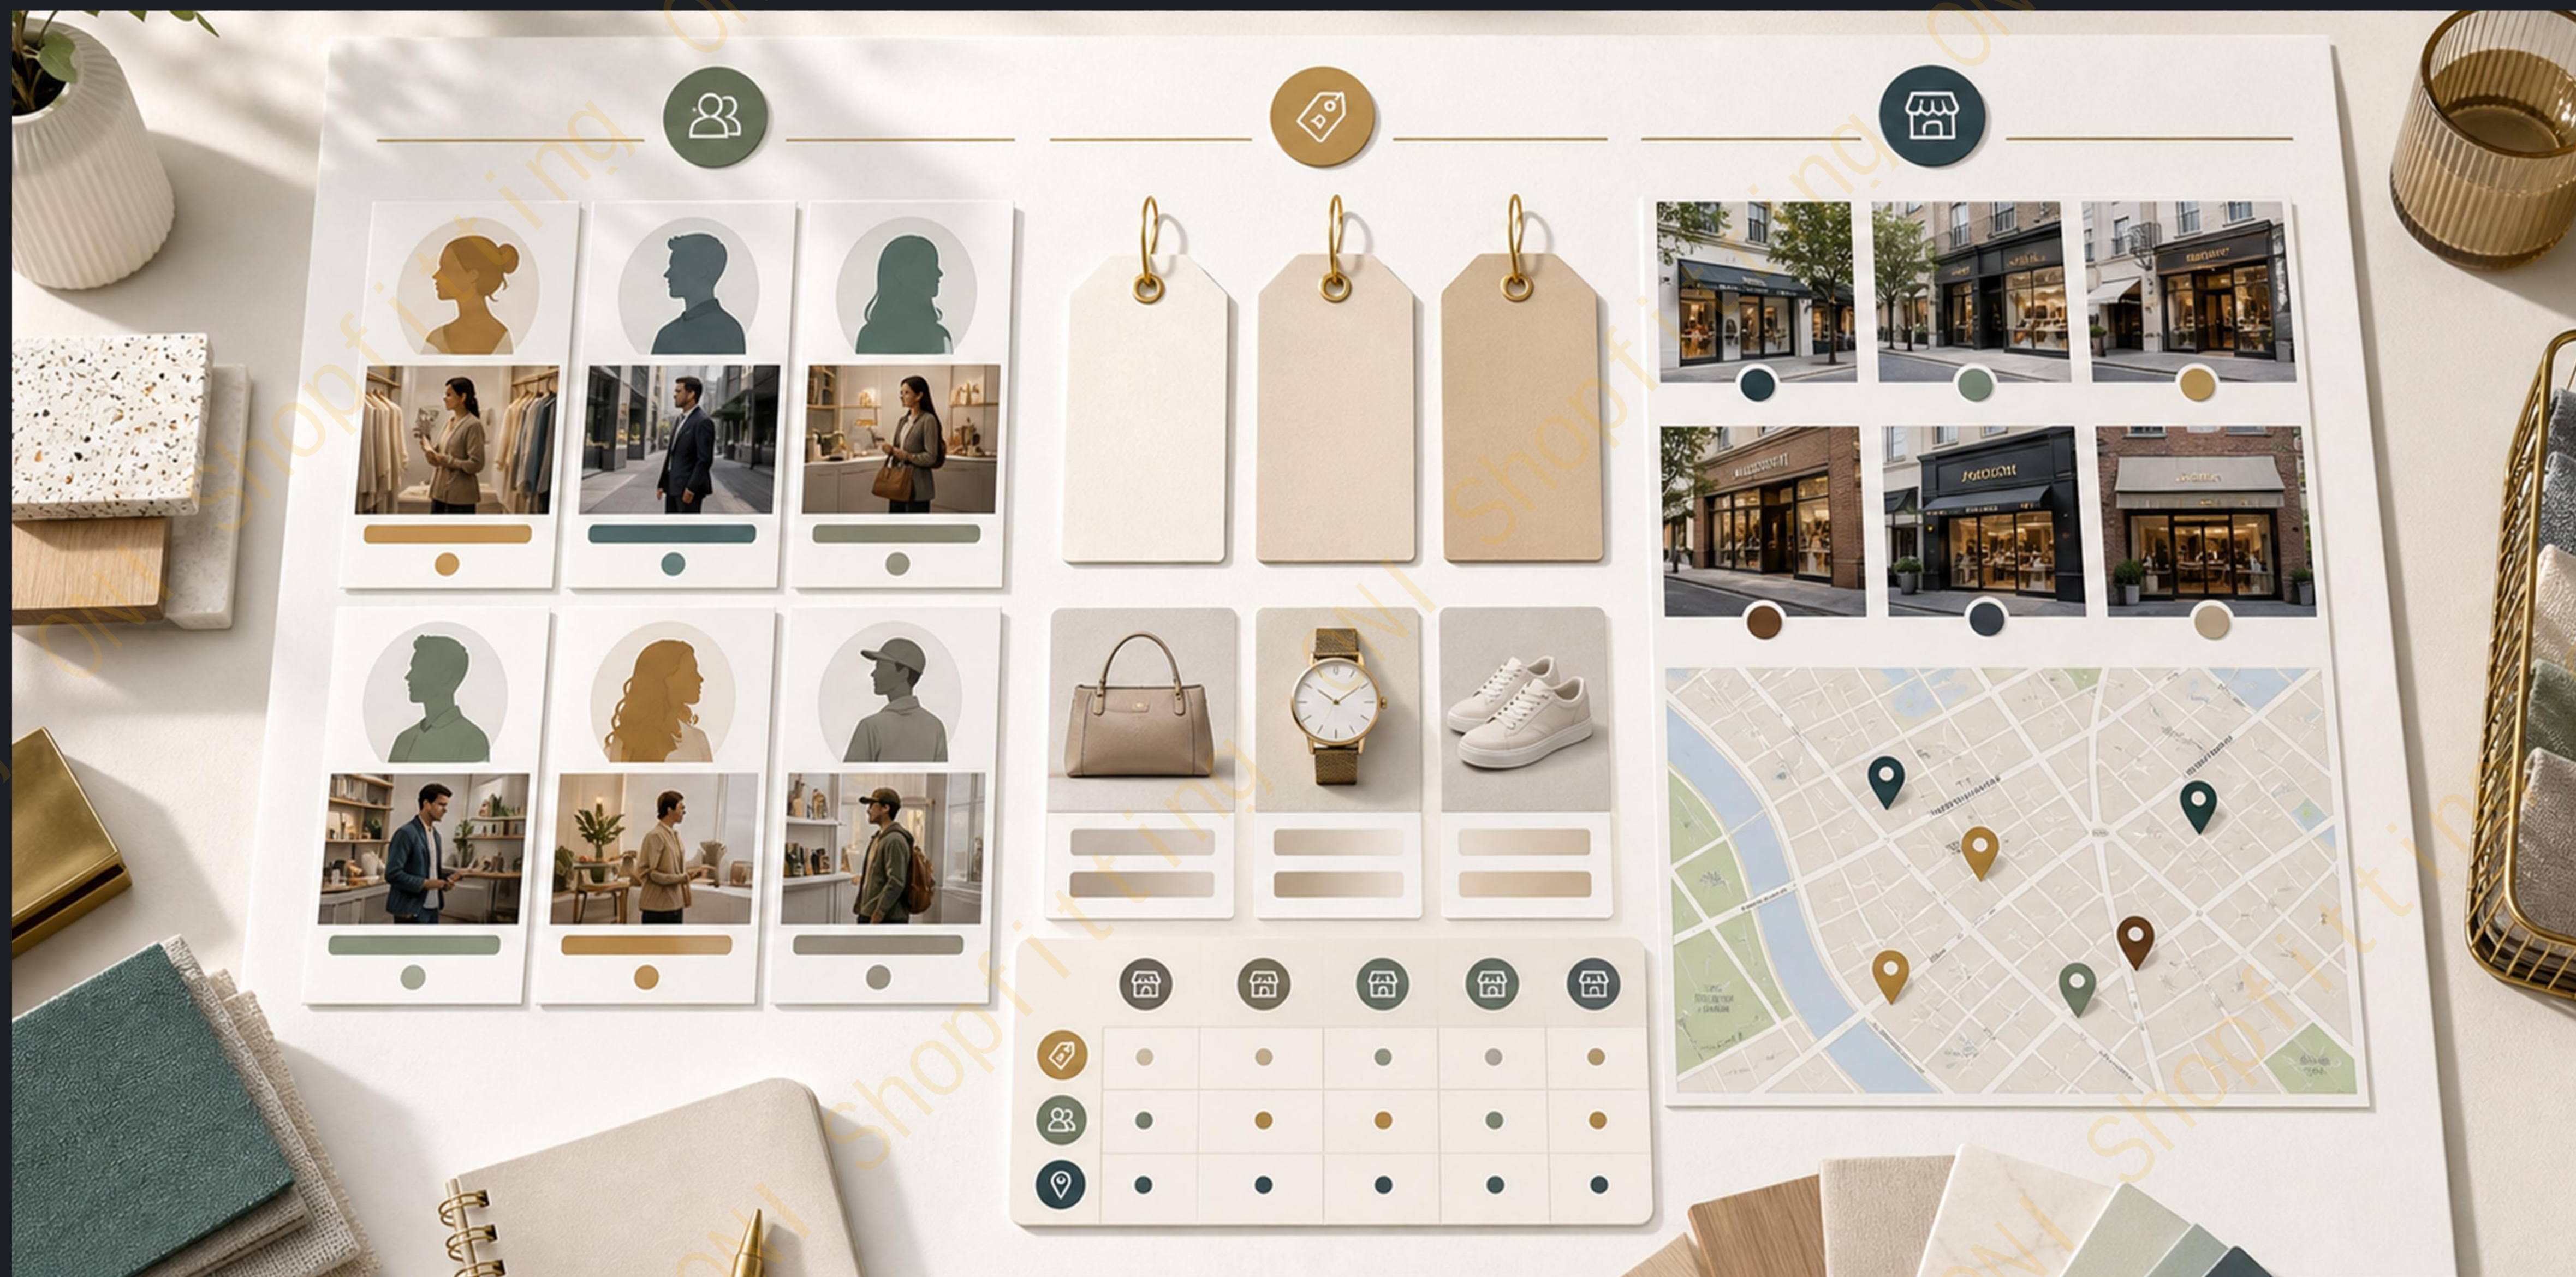

## Market Positioning

# 1、Market positioning and target customers (if available)

? Why need : Make design serve sales, rather than focusing solely on aesthetics.

✦ Provide information on target customers, product price ranges, and local competing brands.

! If unavailable, use photos of competing products and store links instead.
